Maintenance of Account in respect of Individual Machine in P.W.D.

No. PWD 37 LLM 73 BANGALORE, DATED 22ND AUGUST 1973.

The subject of maintenance and repairs and utilisation of machinery in the Department has been coming up for discussion in Public Accounts Committee and legislature frequently. Recently when such an information was demanded, Government was not in a position to give full information, particularly financial aspects like revenue realised and cost of repairs and maintenance etc, in case of the individual machine and equipment. The Central Mechanical Organisation which is expected to maintain all the information of the individual machines has pleaded its inability to furnish the required information as the monthly returns in case of major equipments and half-yearly returns in case of minor equipments were not being received regularly and promptly from all the Divisions in the State. Even the returns that a few divisions submitted were incomplete, particularly with regard to the informations in respect of financial aspect involved. It has been brought to the notice of the Government that one of the reasons for such a state of affairs is non-maintenance of such information in respect of the individual machines by the Divisions. Secondly whatever information is maintained by one Division, is not subsequently transferred to the succeeding

Division during the transfer of a machine. Therefore, it is felt necessary that instructions need be issued to see that the information is properly and fully maintained by the Divisions to submit the information in the proformae newly evolved and enclosed to the Superintending Engineer, Central Mechanical Organisation.

2. Further, it has been felt necessary that the performance obtained and cost accounting in case of every machine are to be reviewed by the Superintending Engineer, Central Mechanical Organisation periodically, with a view to achieve maximum efficiency and to obtain maximum utilisation of individual machine and thereafter to place the full picture before the Government.

3. Therefore, all the Executive Engineers of Divisions are hereby directed to submit this additional information in a complete manner, not withstanding the instructions already in force, in respect of submission of other returns. The various returns that should reach the office of the Superintending Engineer. Central Mechanical Organisation and Secretary, Board of Chief Engineers, Bangalore are detailed below and the Divisions should adhere to the due dates mentioned against respective returns without fail. It may be noted that any lapse on the part of the Executive Engineer to submit the returns in time would be viewed seriously. The Superintending Engineers of the Circles and the Chief Engineers of the Zones are requested to ensure the submission of these returns completely and promptly on due dates, and review in the monthly meetings regularly.

Sl. No.	*Nature of Return*	*Date*
1.	Monthly (in case of major equipment) (in proforma already in vogue)	On or before 10th of following month.
2.	Quarterly (in case of major equipment) (in proforma already in vogue)	On or before 10th of the succeeding month of quarter ending month (i.e. on 10th of April/July/October/January)
3.	Half yearly in case of minor equipment (in proforma already in vogue)	On or before 20th of succeeding month of half year ending month i.e. on 20th of July, January.
4.	Annual returns in case of all the machines equipment (for financial year)	On or before the 1st May of every year

All the Superintending Engineers of Circle and the Chief Engineers are requested to include the subject of (i) submission of periodical returns and (ii) review of the performance of machines in their jurisdiction, in periodical meetings and a copy of the proceedings of these items of Agenda is sent to the Superintending Engineer, Central Mechanical Organisation for his reference and needful.

READ.—

1. Govt Order No. ED 12 GCE 64, dated 2 nd 24th December 1964.

2. Correspondence ending with letter No. E10/482-ART 5/72-73, dated 30th August 1973 from the Director of Public Instruction in Mysore, Bangalore.

PREAMBLE :—

In Government Order dated 22nd/24th December 1964 read at 1 above, while approving the parity of standard of qulifications in Drawing and Painting in various parts of the Mysore State, it has been approved that Kala Prathama Art Examination conducted by the Department of Public Instruction in Mysore is equivalent to the 4th year certificate course in Art conducted by Sri Chamarajendra Technical Institute, Mysore, and Kala Madhyama Art Examination conducted by the Department of Public Instruction in Mysore is equivalent to the 5th year Certificate Course conducted by Sri Chamarajendra Technical Institute, Mysore. Many representations from the Art Institutions and Art Teachers of Ex-Mysore area were being received requesting Government persistently to accord sanction to treat the candidates who have passed 5 years Certificate course in Drawing and Painting conducted by the Chamarajendra Technical Institute, Mysore, as equivalent to the Diploma Examination in Drawing and Painting (Kala Nipuna) conducted by the Department of Public Instruction in Mysore After protracted correspondences in the matter, the Director of Public Instruction having been asked to examine the representations and to send necessary proposals in the matter for consideration of Government has stated that it is in the year 1960 that the Department of Public Instruction started conducting Diploma in Drawing and Painting Course according to the prescribed syllabus. Shri Chamarajendra Technical Institute was also simultaneously conducting 5 years Certificate Course in Drawing and Painting as per syllabus prescribed by them. However, after 1964 syllabus of Certificate Course conducted by Sri. Chamarajendra Technical Institute, Mysore and that of the Diploma in Drawing and Painting conducted by the Department of Public Instruction is common and the students of the Chamarajendra Technical Institute, Mysore are appearing for the Drawing Public Examinations conducted by the Department of Public Instruction. But, some differences are noticed in the syllabus of the Certificate Course conducted by the Chamarajendra Technical Institute and that of the Diploma in Drawing and Painting conducted by the Department of Public Instruction between the period of 1960-64. However, the Director of Public Instruction has reported that Sri Chamarajendra Technical Institute, Mysore is a pioneer institute for the entire Ex-Mysore area and it had done pioneer work in the field of Art and Craft It has produced several eminent artists who are working in the various parts of the country. It is a Government institution of standing of over 60 years and its certificate of Drawing and Painting Course is of 5 years duration with intensive training throughout the period. In fact this was the only institute which was producing required number of artists to several Educational Institutions in the State and it is therefore reasonable that the Certificates issued by the Chamarajendra Technical Institute should be treated as equivalent to Diploma in Drawing and Painting Examination issued by the Department of Public Instruction for all purposes. In the circumstances, the Director of Public Instruction has recommend d to Government to declare the 5 years Certificate Course in Drawing and Painting of Sri Chamarajendra Technical Institute Mysore, prior to 1964 as equal to the diploma in Drawing and Painting (Kala Nipuna) of the Department of Public Instruction in Mysore, Bangalore.

ORDER No. ED 4 GCE 73, BANGALORE, DATED THE 24TH OCTOBER 1973.

After careful consideration of all the aspects of the matter, Government are pleased to declare that the 5 years Certificate Course in Drawing and Painting of Sri Chamarajendra Technical Institute, Mysore prior to 1964 as equivalent to the Diploma in Drawing and Painting (Kala Nipuna) of the Department of Public Instruction in Mysore, Bangalore.

PREAMBLE :—

In the G. O. read (1) above, Government have approved the rules for the administration of the scheme of payment of extra Boarding charges to Backward Classes students studying in Post-Metric Courses

The Director of Social Welfare has stated that the amount of extra Boarding, Lodging and Establishment charges paid to Scheduled Castes and Scheduled Tribes, Denotified Tribes, and Nomadic and Semi-Nomadic Tribes boarders upto a limit of Rs. 100 per month, per boarder including the Government of India Scholarships towards maintenance are now adequate to meet the maintenance charges in the General hostels due to increase in the cost of foodgrains

He has, further stated, that the managements of the General Hostels attached to the Colleges and also the private managements who have admitted Scheduled Castes, Scheduled Tribes, and other Backward Classes students have expressed their difficulty to feed the Scheduled Castes and Scheduled Tribes candidate until the Government of India Scholarships at the Hostelliers' rates and the extra Boarding charges are sanctioned to the students and paid to the Managements.

Hence, the Director of Social Welfare, Bangalore, has recommended that the limitation of payment of extra Boarding and Lodging charges payable to the students belonging to Scheduled Castes and Scheduled Tribes, Denotified Tribes, Nomadic and Semi-Nomadic Tribes staying in General Hostels may be increased from Rs. 100 to Rs 125 per month, per boarder including post-matric Scholarships as a flat rate not linking it with actual boarding charges and to authorise the concerned authority to sanction and advance grant equal to two months extra Boarding Lodging and Establishment charges per boarder admitted to the Hostel concerned and to place the same at the disposal of the concerned principals at the beginning of each academic year and authorise the principals after rendering accounts to the sanctioning authority at the end of every month to recoup the requirements for the subsequent months.

He has, accordingly, requested to communicate Orders of Goverement to amend the G. O. No PHS 116 SEW 65, dated 30th December 1965, sanctioning the scheme of payment of extra Boarding charges.

Quarters (C and D Type) in Vasanthanagar and Jayamahal Extensions in Bangalore City

CIRCULAR

No. PWD 107 PVN 72. BANGALORE DATED THE 2ND/6TH MAY 1974.

There are in all 59 'C' Type and 22 'D' Type houses in Vasanthanagar and Jayamahal Extensions in Bangalore and they are at present allotted to officers according to priority in the waiting list. These quarters were meant for providing quick accommodation to officers who come to Bangalore on transfer and are stranded for want of residential accommodation. However, in practice, these quarters are in the occupation of officers who are permanently stationed in Bangalore and also by those who continue to occupy them in spite of their transfers outside Bangalore with the result that there is a large number of officers in the Waiting list some of whome have been waiting for more than five years for allotment.

2. Government have considered the question of utilising the few Government Quarters mentioned above to the best advantage and have decided that these houses should be treated as essentially "tranist accommodation" to be given to officers who go to Bangalore on transfer and who are in need of immediate accommodation till they secure suitable accommodation for themselves. With a view to securing this objective, the accompanying revised rules are framed and they shall come into force with effect from the date of publication.

3. Such of the Government Servants as are not in occupation of the quarters are given six months' time during which period they should arrange to secure alternative accommodation and to vacate these quarters before the said period.

No. RD 26 ISJ 69, dated 13th February 1969, extending the time limit for payment of occupancy price for a further period of six months from 15th November 1969 in respect of Gajendragad Saranjam Lands.

Under the following enactments the previleged tenure on lands in Bombay-Karnataka area have been abolished.

(1) The Bombay Paragana and Kulkarni Watan Abolition Act, 1950,

(2) The Bombay Personal Inams Abolition Act, 1952.

(3) The Bombay Service Inam (Useful to Community) Abolition Act, 1953.

(4) The Bombay Merged Territories and Areas (Jagir) Abolition Act, 1953.

(5) The Bombay Merged Territories Miscellaneous Alienation Abolition Act, 1953.

(6) The Bombay Saranjam Jagirs and other Inams of Political Nature Resumption Rules, 1952.

After the expiry of the statutory period prescribed under those Acts/Rules for claiming the regularisation of occupancy rights and payment of occupancy price on the Lands vested under those respective Acts/Rules, Government had extended the time limit from time to time subject to several other conditions. It has been represented to the Government that there is yet a large extent of land in respect of which the claim has not been made and occupancy price has not been paid by the concerned persons mostly due to ignorance of law and that therefore the time limit might be extended for some more period.

After examing the matter in all respects and on further consideration it is decided that a sympathetic view should be taken in these casses and extend the time for claiming occupancy rights as a last chance.

ORDER NO. RD 47 INM 73, BANGALORE DATED THE 17/29TH APRIL 1974.

Sanction is therefore, accorded extending the time limit upto *31st Decemoer 1974* for claiming the occupancy rights by the cultivators (tenants or holders) in respect of the lands vested under the Act/Rules detailed in the preamble, subject to the following conditions :—

(1) the grants shall be made subject to the conditions that have been prescribed by Government from time to time in respect of regrants of land under each of the Acts/Rules.

(2) the claimant should credit along with his claim petition a sum equivalent to 50 per cent of the occupancy price on the land and the remaining sum should be credited within 30 days from the order of the re-grant.

2 The Tahsildars of taluks should prepare a statement showing the *ex*-watan and other alienated lands which vested under the above Acts/Rules in respect of which the occupancy rights have not been claimed so far, or occupancy price has not been paid and by issuing a notice to the cultivators by talking to the cultivators, when they visit the villages, make them aware of the facilities now extended and see that the extent of unclaimed watan land is reduced and the cultivators obtain the occupancy rights, in respectof as much area as possible. If even inspite of the measures now made, the cultivators still remain lethargic, the Tahsildars should build up records and forward them to Assistant Commissioner for declaring the lands as a Government waste land and for their disposal under the Land Grant Rules, 1969.

3 The Divisional Commissioner, Belgaum Division, Belgaum, is requested to take all possible steps to reduce the extent of unclaimed watan and other alienated lands and see that the lands are disposed off by grants to occupy rights or under the Land Grant Rules.

By Order and in the name of the Governor of Karnataka,

S. T. VENKATARAMA RAO

Reservation of appointments in institutions receiving Government grants in favour of Scheduled Castes and Scheduled Tribes.

READ—

(1) Government Order No. GAD 42 SRR 69 I dated 6th September 1969

ORDER No. GAD 17 SRR 74, BANGALORE DATED THE 29TH JULY 1974

Government have reserved 15 percent, 3 percent and 30 percent of the direct recruitment vacancies in State Civil Services in favour of Scheduled Castes, Scheduled Tribes and other Backward Classes respectively.

2. Finding employment for the members of the Scheduled Castes, Scheduled Tribes and other Backward Classes in educational institutions, Libraries, Welfare Centres and other institutions receiving grants from Government has been engaging the attention of Government. Government are pleased to direct that whenever any grants are sanctioned from Government funds to any such institution, one of the conditions for sanction of the grant should be that the institution receiving it should necessarily employ the same percentage of persons belonging to the Scheduled Castes, Scheduled Tribes and other Backward Classes as are required to be appointed to posts in the State Civil Services. The Secretaries to Government, Heads of Departments and other authorities competent to sanction grants are therefore, requested to take action accordingly.

3. The Institutions receiving grants from the Government will be required to submit to the authority sanctioning the grant a report with regard to the fulfilment of this condition so that the authority may take into consideration, this aspect of the matter while considering the question of sanctioning/renewing the grant for the next year. A clause incorporating this condition should also be included in the agreement, if any, entered into with the institution receiving the grant, requiring it to fulfil this condition.

4. The Secretaries to Government are also requested to include a suitable clause in this behalf in the Grant-in-aid rules if any, applicable to the institutions under their control.

5. The definitions of Scheduled Castes, Scheduled Tribes and other Backward Classes in the Government Order dated 6th September 1969 shall hold good for the purpose of this Government order.

Sympathetic approach to the cases involving Scheduled Castes and Scheduled Tribes.

OFFICIAL MEMORANDUM

No. GAD 11 SBC 74 BANGALORE, DATED THE 11TH JULY 1974.

The Commissioner for Scheduled Castes and Scheduled Tribes in his Twentieth Report has suggested, among other things, that the authorities who hold in their hands the future of the candidates belonging to the weaker sections of the society should have an abiding sense of commitment to the cause of the downtrodden sections of the society and adopt a sympathetic and constructive approach to their problems. He has also suggested that these authorities should decide the cases involving Scheduled Castes and Scheduled Tribes with this sense of commitment and dedication and not merely through a strict application of rules and regulations.

2. Government while agreeing with the above recommendation are pleased to direct that where the interests of the Scheduled Castes or Scheduled Tribes are adversely affected by the operation of any rule or standing order, the cases may be referred to Government in the administrative department for a decision in consultation with the General Administration Department. This will however not apply to cases where an authority is statutorily required to take any decision under any rule or law.

FINANCE SECRETARIAT

OFFICIAL MEMORANDUM

No. FD 66 BUD 74, BANGALORE, DATED THE 14TH AUGUST 1974.

Subject:—**Budget Estimates, 1975-76.**

The following instructions are issued in connection with the preparation of the Budget Estimates for 1975-76.

2 The calendar for regulating the Budget work for 1975-76 is enclosed. When a period of time is allowed for any item of work, the intention is to secure an even flow of work in the Finance Department and thus avoid rush of work in the last stages. Estimating Officers are requested to see that TOP PRIORITY is given to the Budget work and that returns are sent direct to the *Budget Section* of the Finance Department addressed to the Joint Secretary to Government, Finance Department as soon as they are completed without waiting for the expiry of the prescribed date.

3. As the Estimating Officers are aware, that the reforms in the structure of Budget and Accounts suggested by the Study Team of the Government of India have been implemented by the State Government from the accounting year 1974-75. The Revised and Budget Estimates for 1974-75 and 1975-76 respectively may therefore be prepared in accordance with the revised classification.

4. All estimates should be framed with the greatest care and with due regard to sanctions and actual requirements. Estimates of receipts should be as realistic as possible; and estimates under expenditure heads should provide minimum requirements, keeping in view the several economy measures in force

5. Estimates of expenditure should invariably be shown by detailed heads of account both in respect of Plan and Non-Plan and no lump-sum provisions should be indicated. The common detailed heads of account in the revised structure of Budget and Accounts are given in Annexure-I.

6. Only such sanctions to establishments and other recurring charges as are communicated on or before the 30th-September 1974 should ordinarily be taken into account in framing the expenditure estimates. But a list of further sanctions should be sent to the Finance Department as on the 1st January 1975, immediately after that date.

7 (i). Separate instructions will be issued in due course regarding preparation and submission of estimates in respect of Schemes relating to the Second year of the Fifth Five-Year Plan. Details of staff relating to Plan Schemes Should also be worked out so that these may be included in Appendix 'B'.

(ii). The Estimating Officers should furnish the figures relating to Non-Plan Budget Estimates and return the Budget forms to the Finance Department by the prescribed due dates. The 'Plan' figures may be furnished separately, after the Plan allocations are available. For this purpose, extra copies of the Budget forms shall be made available by the Finance Department. ON NO ACCOUNT THE SUBMISSION OF THE NON-PLAN BUDGET ESTIMATES SHALL BE DELAYED.

8. The Heads of Departments, Divisional Commissioners and Other Estimating Officers should forward only one set of consolidated Estimates in the prescribed printed forms *complete in all respects* to the Finance Department. Special arrangements should be made well in advance for obtaining information from the subordinate officers. It should be noted that the work of consolidation of the estimates received from the subordinate officers after scrutiny is the responsibility of the Chief Controlling Authority who should see that no provision is omitted. Necessary instructions may be issued by the Chief Controlling Officers to the subordinate Estimating Officers under their control in this regard. HEADS OF DEPARTMENTS SHOULD ISSUE INSTRUCTIONS TO THEIR SUBORDINATE OFFICERS NOT TO ENDORSE COPIES OF THE ESTIMATES TO THE FINANCE DEPARTMENT DIRECT, EVEN FOR INFORMATION.

9. The estimates received after the due dates will not be considered and the Departments will be responsible for omissions as a result of such belated proposals. In spite of repeated instructions, Departments have not been adhering to due dates and the attention of all Estimating Officers is drawn to the need for strict observance of the time-schedule.

10. A list of NEW ITEMS of expenditure has to be printed separately as an Appendix to the Budget Memorandum. Information for compiling this Appendix was not, however furnished by the Departments in previous years in spite of instructions in that regard. For the Budget 1975-76, provisions proposed in the Budget Estimates for New Service items as defined in the Annexure II should be indicated in the form of a separate statement giving details of such items as under :—

(*a*) Additional staff (Item 1)	Details of staff and non-recurring expenditure items.	Amount proposed in the Budget, Recurring (on staff) and Non-recurring expenditure
(*b*) Grants and Contributions (Item 3)	Name of the Institution or Organisation.	Amount proposed.
(*c*) Works (Item 4)	Details of works costing more than Rs. 5 lakhs.	
(*d*) Committees (Item 5)	Name of the Committee, purpose and amount involved.	
(*e*) Revision of scales of pay (Item 6)	Details indicating Govt. Order and amount involved.	
(*f*) Loans and Advances. (Item 8)	Where individual amounts exceed Rs. 5 lakhs, details may be given.	

11. The Chief Engineers are requested to take action to forward the Public Works Estimates to the Finance Department within the due dates. Proper instructions may be issued by them to the Officers under their control to furnish necessary data for the preparation and consolidation of the estimates. Delays have frequently occurred in the receipt of these estimates and this has resulted in very little time being available for their proper scrutiny. Arrangements may, therefore, be made to send the estimates strictly on the due dates.

12. It has been observed that there is no co-ordination between the P.W.D and other Departments in framing the estimates for buildings. The concerned departments while framing budget estimates for their departmental buildings should also intimate simultaneously their requirements to the Chief Engineer, Communications and Buildings.

13. In the consolidated Budget Estimates, the totals of major heads are to be rounded off to thousands of rupees and those of minor heads to hundreds of rupees. In fixing the provision under individual heads of account, the provisions will have to be rounded to the nearest hundred. This may be kept in view in preparing the Revised 1974-75 and Budget 1975-76 Estimates at all stages.

14. The Director of Printing, Stationery and Publications is requested to treat all Budget work as urgent and return the Budget sheets on the dates prescribed by the Finance Department. Steps should be taken to see that no delay occurs at any stage in the Press and that the Budget work is given the highest priority by making special arrangements, if need be.

15. Separate detailed instructions regarding preparation of Appendix 'B' Estimates, Revenue and Expenditure Estimates are being issued as usual. Meanwhile, Heads of Departments, Divisional Commissioners and Other Estimating Officers may arrange to get the material ready for these estimates.

A. MOHANDAS MOSES,
Joint Secretary to Government,
Finance Department.

Revised Criteria for New Service.

Issues orders *re* —

ORDER No. FD 8 BPA 69, BANGALORE, DATED THE 16TH SEPTEMBER, 1969

In Government Order No. FD 5 BPA 59, dated 17th February 1960, orders were issued indicating the criteria for treating expenditure on a 'New Service' in order to meet the requirements of Article 205 of the Constitution of India. The Public Accounts Committee of the Legislature have examined the criteria laid down in that Government Order in the light of conditions now prevailing and have recommended modifications of the limits for treating expenditure on 'New Service' as per annexure

2. The Governor is pleased to accept the revised criteria recommended by the Public Accounts Committee for 'New Service' laid down in the Annexure, which should be followed in future in determining whether a particular item of expenditure not contemplated in the Annual Financial Statement (Budget) is a 'New Service' or not. In cases of doubt relating to the interpretation of the term 'New Service', the opinion of the Finance Department is final.

3. The Public Accounts Committee have also recommended that all items of expenditure coming under the category mentioned in the Annexure which are contemplated for the first time and Budget provisions for which are included in the original Budget Estimates for the year should be listed out or detailed in the explanatory notes of the Budget Memorandum for the information of the Legislature. Hence in respect of 'New items' of expenditure falling under this category, the Secretaries to Government and Heads of Departments should see that full particulars are made available to the Finance Department for distinct exhibition in the Annual Budget Estimates.

4. The Secretaries to Government and Heads of Departments are requested to see that expenditure on any item coming under 'New Service' not included in the Budget is not incurred without obtaining the specific approval of the Legislature in the form of Supplementary demands for grants. If need arises to incur additional expenditure over and above the existing provisions under any items or expenditure on items which are proposed to be treated as 'New Service' not contemplated in the Annual Budget Estimates the proposal should be made to the Finance Department through the Administrative Department with the following information.--

(i) why the expenditure could not be contemplated at the time of preparation of the Budget Estimates;

(ii) why the expenditure cannot be postponed to the next year so that expenditure can be incurred after making necessary provision in the Budget.

Any lapse on the part of the Departments to bring to the notice of the Legislature items of expenditure on 'New Service' before the expenditure is incurred will be seriously viewed.

N. S. BHARATH,
Joint Secretary to Government,
Finance Department.

In-Charge arrangements under Rules 32 and 68 of the K. C. S. Rs—Instructions regarding.

CIRCULAR

No. FD 164 SRS 73, BANGALORE, DATED THE 26TH JUNE 1974.

Rule 32 of the Karnataka Civil Services Rules permits a Government servant to be placed in independent charge of a higher post instead of appointing him to officiate in that post. It follows that the person to be placed in independent chargeof a post should be qualified and eligible to hold that post according to the Cadre and Recruitment Rules. Rule 68 of the Karnataka Civil Services Rules permits a Government servant to be placed in additional charge of another post. He performs only the current duties of the additional post. When a Government servant is placed in additional charge of a post, he has to be qualified and eligible for appointment to that post according to the Cadre and Recruitment Rules.

2. In an arrangement under Rule 32 ibid, the Government servant would be appointed to hold only the higher post having been relieved of his own post. Such an arrangement is normally made owing to some administrative difficulty in appointing the employee to the higher post on an officiating basis. There

can be no objection to continue this arrangement till regular officiating appointment is made against the post. The difficulties in making officiating appointments are-non-finalisation of the Inter State Seniority List or gradation list, non-finalisation of the Cadre and Recruitment Rules or delay in making regular appointments through the Public Service Commission or Recruitment Committees. In any of these events, such arrangement should not be continued for a period longer than absolutely necessary.

3. The arrangement under Rule 68 ibid of placing a Government servant in additional charge should be resorted to only in short-term vacancies and should not be allowed to continue for longer periods. Additional charge of another post for a long period would not be conducive to efficiency because an employee cannot reasonably be expected to perform satisfactorily the duties of two posts for an indefinite period. If a Government servant can perform satisfactorily the duties of two posts for long periods it is evident that one of the posts is superfluous and redundant and does not have sufficient work-load.

4. According to Rules, Heads of Departments may make in-charge/additional charge arrangements against all non-gazetted vacancies upto a period of 6 months, except where they have been delegated with more powers. The Heads of Departments are also authorised to make in-charge arrangements against Gazetted leave vacancies to the extent to which they are empowered to grant leave to gazetted employees as per rule 192(d) of the Karnataka Civil Services Rules. Where the period of such arrangement exceeds 6 months or the period upto which leave can be sanctioned for non-gazetted and gazetted leave vacancies respectively, orders of Government have to be obtained for continuance of such arrangements beyond the authorised periods.

5. In order to rationalise the system of making in-charge/additional charge arrangements, the following instructions are issued for guidance and strict adherence by the appointing authorities :—

(i) These arrangements shall be made by appointing only persons who are qualified and eligible to be appointed to the post in the normal course under the Cadre and Recruitment Rules applicable to the post Unqualified and ineligible person shall not be appointed to posts for making incharge or additional charge arrangements.

(ii) Orders of Government shall be obtained promptly for continuance of these arrangements beyond the authorised periods. If orders of Government have not been obtained in time and there is delay in regularising the in-charge arrangements, claims for charge allowance will not be entertained, unless the delay is justified by adequate an cogent reasons. Suitable action may also be taken against the officers who are responsible for irregular appointment/continuance of in-charge/additional charge arrangements.

(iii) The system of appointment on *"on one's own pay and grade"* basis should be scrupulously *avoided*, as this *is not recognised by rules.*

(iv) Newly created posts should not be filled by making in-charge arrangements.

Deputy Secretary to Government,
Finance Department.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

(GENERAL ADMINISTRATION DEPARTMENT)

Tours of Secretaries to Government, Heads of Departments and other officers to Delhi and other places outside the State to attend meetings—Instruction regarding.

CIRCULAR

No. GAD 2 SHD 74, BANGALORE DATED 29TH APRIL 1974.

Instructions have been issued in Official Memorandum No. GAD 2 SIN 74, dated 5th February, 1974, regarding the procedure to be followed in deputing officers for attending meetings outside the State. The following further instructions are issued in regard to trip to Delhi and places outside the State by the Secretaries to Government and Heads of Departments and others, in the interest of economy.

2 Whenever any meeting, Conference or a Seminar is proposed to be held the Head of the Department and/ or Secretary to Government should carefully examine whether attendance by a representative of the Government is necessary. Normally only the meetings where the interests of the State are specifically or directly involved, would attendance be necessary. In every other case where it is only a general Conference or a Seminar, where no specific decisions are likely to be taken, nobody from the State need attend. After the meeting or Seminar is held the proceedings of the meeting should be obtainted, and they may be examined and action initiated to take such further steps as will be necessary.

3 Government desire that in any case, no officer of the State Government need attend any Seminar, at least during the period of the next one year.

4 If a meeting to be held at Delhi is considered not very important, but where a representative of the State has to attend, the services of the Special Commissioner, Karnataka Bhavan, New Delhi, should be freely made use of. The Secretary to Government or the Head of the Department, as the case may be, should prepare a detailed note indicating the views of the State Government, and the specific points that will have to be urged by the Special Commissioner. This could be sent to him in advance, and he may attend the meeting. After the meeting is over, the Special Commissioner can send a detailed report about the proceedings indicating the steps which the Secretary to Government or the Head of the Department may like to take.

5 When important meetings are held and it is necessary for both the Secretary to Government and the Head of the Department to attend it should be ensured that in no case more than one representative of the State Government should be present at any meeting to be held at Delhi, or outside the State unless absolutely necessary. The practice of taking deputies and personal staff while going on tour outside the State should be given up.

6 Whenever any officer has to go outside the State specific permission of the Chief Secretary/Minister concerned should be obtained well before the meeting is held. In no case should grant of such permission be presumed and *ex-post facto* sanction sought.

7 The officers should also make it a habit to deal with all cases pertaining to their Department when they visit Delhi – if necessary by even staying one more day rather than make frequent visits to discuss separate subjects, whenever Secretaries to Government and/or the Heads of Departments visit Delhi, they should make it a point to meet their counter-parts and discuss all matters pending or pertaining to their Departments. After their return, they should prepare a brief note indicating the subjects discussed, and action proposed to be taken, and put them up for information of the concerned Minister.

8 The Secretaries to Government and Heads of Departments, and other officers are requested to see that hereafter the above instructions are followed scrupulously.

R. J. REBELO,
Chief Secretary to Government.

K. A. SESHADRI,
Under Secretary to Government,
Development Housing Panchayat Raj and Co-operation Department.

Streamlining the Panchayat Raj Administration.

ORDER NO. DPC 304 EGZ 74, BANGALORE, DATED 27TH MAY 1974.

The State Accounts Department, in its several reports of Audit of the Panchayat Raj Institutions, has pointed out the following defects in their working :—

1 Omissions to prepare annual budgets in time and incurring of expenditure without getting the budgets approved ;

2 Accumulation of taxes due to non-collection ;

3 Embezzlements and mis-appropriation ;

4 Non-maintenance of prescribed registers ;

5 Reluctance to augment Panchayat Income by revision of House tax and levy of new taxes ; and

6 Omission to conduct periodical meetings of the Panchayats as well as meetings of the Committees.

The above defects are almost recurring in every audit report.

The question of remedying the above defects was engaging the attention of the Government from some time past. Most of the above defects are capable of rectification if periodical inspections of panchayats are conducted by the appropriate authorities to guide the Panchayat Raj Institutions. Effective scrutiny and follow-up action should also be ensured over the resolutions passed by the Panchayats in the offices of Taluk Boards, Assistant Commissioners and the Deputy Commissioners. It is felt that at the District level, effective administrative control is inadequate and Government consider that the posts of District Planning and Youth Services Officers should be re-designated as District Panchayat and Youth Services Officers and these officers should be involved fully and effectively in the working of the Panchayat Raj institutions and that they should function as Executive Assistants to the Deputy Commissioner in matters relating to Panchayat Raj institutions.

Therefore, it is hereby ordered that :

OFFICIAL MEMORANDUM

No. GAD 4 STR 73, BANGALORE, DATED THE 17th JUNE 1974.

Withholding of increment (s) with cumulative effect—procedure to be followed in imposing the penalty of–

REFERENCE.—

(i) Official Memorandum No. GAD 18 SSR 73, dated 2nd November 1973.
(ii) Government Notification No. GAD 28 SSR 69. dated 12th December 1973.

OFFICIAL MEMORANDUM

No. GAD 12 SSR 74, BANGALORE, DATED THE 2ND MAY 1974.

Instructions were issued in Official Memorandum No. GAD 18 SSR 73, dated 2nd November 1973 read at (i) above to all the Appointing Authorities and other Disciplinary Authorities to follow the procedure under rule 11 of the Classification, Control and Appeal Rules while imposing the penalty of withholding increment (s) with cumulative effect on Government Servants as in certain Writ Petitions it was held by the High Court that withholding of increment (s) had the effect of reducing a Government servant to a lower stage in a time scale of pay and it was then a major penalty.

Rule 8 of the Karnataka Civil Services (Classification, Control and Appeal) Rules has now been amended in Government Notification No. GAD 28 SSR 69, dated 12th December 1973 and the penalty of reduction to a lower stage in the time scale constitutes a minor penalty. Therefore, while imposing the above penalty or the penalty of withholding of increments with cumulative effect, the procedure under rule 12 only has to be followed and it is not necessary to follow the procedure under rule 11 of the C.C.A. Rules. The Official Memorandum No. GAD 18 SSR 73, dated 2nd November 1973 may therefore be treated as withdrawn with effect from 24th January 1974 on which date the amendments were published in the Gazette.

(c) being equal to four acres of land referred to in category (iii) ;

Section 79-A prohibits acquisition of land by persons who have an assured annual non-agricultural income of Rs. 12,000. Where such persons acquire lands in contravention of the provision, or acquire land by bequest or inheritance they have to furnish to the Tahsildar a declaration within 90 days from the date of acquisition.

Section 79-B prohibits holding of agricultural lands by Companies, Co-operative Societies etc., with effect from 1st March 1974. Such institutions were required to furnish declaration of their holding to the Tahsildar within 90 days from 1st March 1974.

For furnishing the declarations contemplated in Sections 66, 79-A and 79-B Forms 11, 12 and 13 respectively have been prescribed under the Karnataka Land Reforms Rules, 1974 and the Director, Printing Stationery and Publications Bangalore has been requested to supply the required number of copies to all the Tahsildars for distribution to the intending declarants. The Tahsildars have to obtain on indent from the Government Press, Bangalore sufficient number of copies and issue them sparingly to the genuine declarents taking care to see that they are not misused.

The reduced ceiling is to be applied from 24th January 1971 *vide* Section 63(10) (ii). Penalties for failure to furnish declarations are as provided in Sections 66-A and 79-C and the Tahsildars have been armed with full powers in levying these penalties.

On furnishing of the declarations, the Tahsildars have to verify the particulars with reference to the record of rights and other decuments produced if any and satisfy that they are in order.

Section 66(2) empowers Tahsildar to issue notice to any person who, he has reason to believe holds land or resides within his urisdiction to furnish to him a declaration of all lands held by him and it shall be the duty of such person to furnish the declaration. For facilitating taking this step, it is necessary for the Tahsildars to prepare and keep a list of persons holding land in excess of the limits specified in the Section 66 as amended by this Ordinance in their taluks ready. The Tahsildars should be instructed accordingly to prepare such lists with reference to the revenue records such as Index of Lands, Khata etc.

The instructions already conveyed in the past hold good with the modifications indicated above.

Unless proper verification is exercised by the Tahsildars the surplus land expected by Government to be available for redistribution under the law would dwindle down. The Divisional Commissioners/Deputy Commissioners may make it a point to touch this aspect of the law particularly during their inspection of Taluk Offices.

PUBLIC WORKS AND ELECTRICITY SECRETARIAT

Issuing of a Circular about using Pin-Code Numbers.

CIRCULAR.

No. PWD 12 PPT 74, BANGALORE, DATED THE 23RD APRIL/13TH JUNE 1974.

The Post Master-General in Karnataka, Bangalore has intimated that the Post & Telegraph Department have introduced the Post Index No. 'PIN' Code system with effect from 15th August 1972 according to which each delivery post office has been assigned a six-digit number depending upon the intricate pattern of connections based on geography and transportation modes. The use of Pin-code in the address, facilitates sorting of letters in the intermediate offices and helps to expedite the prompt delivery of letters.

In order to make the Scheme a success, it is necessary that all the addresses on correspondence bear Pin-code numbers on the letter heads and also on the addresses of outgoing letters. Since the Departments of Government are one of the biggest mailers, the Secretaries to Government and the Heads of Departments are hereby requested to issue necessary instructions to all the Departments and Officers, under their control, to invariably indicate the Pin-code numbers on letter heads. and also incorporate in Stamps and Seals used by the Offices concerned. A chart showing the Pin-code numbers of important post offices in India is enclosed herewith for information and guidance.

OFFICIAL MEMORANDUM

No. GAD 2 SIN 74. BANGALORE DATED THE 5TH FEBRUARY 1974.

It is observed by Government that a large number of officers of the State including Secretaries to Government and Heads of Departments are visiting Delhi to attend various meetings which happen to be purely routine and the Special Commissioner for Karnataka at New Delhi could as well represent the departments concerned in most of these meetings.

2. At present, orders regarding deputation of Secretaries to Government and Heads of Departments to attend meetings outside the State are issued by the Administrative Departments with the approval of the Minister concerned. In future, whenever a Secretary to Government or a Head of a Department is required to attend any meeting outside the State proposal in that regard should be submitted to the concerned Minister through the Chief Secretary. In respect of the proposals for deputation of these officers to attend meeting (s) at New Delhi, while submitting the files to the Chief Secretary, the Administrative Departments should also examine and indicate their views whether the Special Commissioner for Karnataka at New Delhi cannot represent the Government at the meeting (s). In addition, the Departments should also see that as far as possible both the Secretary to Government and the Head of the Department under his administrative control are not deputed to attend one and the same meeting held outside the State, unless it is an important one involving discussion of policy matters, etc. and specific orders are obtained on the point

3. It is also necessary to ensure that officers other than those referred to above undertake tours outside the State with specific orders of the Government In respect of such proposals, the Administrative Departments should obtain prior approval of the Chief Secretary to Government for their deputation.

4. The Secretaries to Government are requested to see that hereafter the above instructions are followed scrupulously.

R. J. REBELLO,
Chief Secretary to Government.

HOME SECRETARIAT

Report of the Commission of Inquiry to inquire into certain allegations regarding the conduct of the Police and harassment of Sri Thimmappa while in police custody.

PREAMBLE :—

By Order No. HD 311 SST 74, dated 7th May, 1974 issued under Section 3 of the Commissions of Inquiry Act, 1952, a Commission of Inquiry presided over by Sri S. N, Bapat, II. Additional District Judge, Bangalore was appointed to inquire and report on :

(i) The circumstances leading to the arrest of Sri Thimmappa on 16th April 1974 by the police and the conduct of the police in the matter;

(ii) Whether there was harassment of Sri Thimmappa while he was in police custody ?

(iii) If so, who is responsible for it and to what extent ?

The Commission has submitted its report to Government on 6th July 1974. The findings of the Commission on the three questions referred to it are :—

(1) The conduct of C.I.D. Inspector Sri Suryanarayanaswami in making the arrest was hasty, unjustified and blame worthy. It is certainly unworthy of a Police Officer who has put in a number of years of service in the Department;

(2) Shri Thimmappa was in fact harassed by Police while in custody;

(3) Inspector Suryanarayanaswami is solely responsible for the harassment of Sri Thimmappa.

The recommendation of the Commission is that "suitable departmental action be taken against Inspector Suryanarayanaswami",.

Government has examined the Report and is satisfied that there is a *Prima facie* case for a departmental action against Sri Suryanarayanaswami in respect of the matters referred to by the Commission,.

ORDER NO. HD 311 SST 74, BANGALORE, DATED THE 12TH AUGUST 1974.

Accordingly, Government hereby directs that necessary departmental action be initiated forthwith against Sri Suryanarayanaswami, Inspector of Police, C.I.D in the matter.

2. The Inspector General of Police, Bangalore who is the disciplinary authority in respect of Inspectors of Police, is directed to take necessary action in the matter and furnish his report to Government.

Re-organisation of Land Army Directorate into an autonomous Corporation.

PREAMBLE.—

The Land Army Organisation was set up by the State Government in March 1971 to tackle the problem of Rural Employment in an organised manner. The aim of the organisation was to provide employment to the unemployed youth and to inculcate in them a sense of discipline and train them in the art of working together and thereby create trained youthful manpower in the rural areas. To start with, the State Government had entrusted the works under the CSRE scheme in addition to follow-up training programme and the training programme under Half-a-Million Jobs Programme to provide training to selected young men in the project areas in some of the basic professions essential for rural economy, like, masonry, carpentry, blacksmithy, pump mechanic and Auto Electricians etc. During the V Plan period, the Crash Scheme for Rural Employment programme has been discontinued. In order to widen the scope of activity of the Land Army Organisation, to enable taking up of various works of several departments and to carry on its various activities it has been decided by Government to convert the Land Army into an autonomous Corporation. CHIEF SECRETARIAT

(GENERAL ADMINISTRATION DEPARTMENT)

Preparation of list of Selected candidates by the Recruiting Authorities—Instructions.

CIRCULAR

No. GAD 25 SCR 74, BANGALORE, DATED 24TH AUGUST, 1974.

According to rule 7 of the Karnataka Civil Services (Direct Recruitment by Selection) Rules, 1973, the selecting authority has to prepare two lists in the order of merit, the first list containing the names of candidates eligible for appointment equal in number to the number of vacancies notified and the second an additional list in which the number of candidates included shall, as far as possible, be ten per cent of the vacancies notified. According to rule 8, the candidates included in the second list may be appointed after the candidates in the first list have been appointed.

2. A case has come to the notice of Government in which the selecting authority had prepared only one list *viz.*, the first list as only one vacancy was notified and it was not possible to prepare the second list of one tenth of one vacancy. This was not correct. In every recruitment the selecting authority has to prepare two lists and in cases where the number of vacancies notified is less than ten, the second list should include one candidate. Otherwise, the very purpose of rule 7 (2) would be defeated if the candidate included in the first list is, for any reason, not available for appointment.

3. The above instructions are brought to the notice of all Selecting Authorities for guidance.

Re-employment of Ex-Servicemen for Class III and Class IV posts through Employment Exchanges—Instructions re.—

OFFICIAL MEMORANDUM

No. GAD 38 SRR 74, BANGALORE DATED THE 9TH JULY 1974.

To ensure speedy re-employment of Ex-Servicemen in State Government Services, Government have constituted a selection board in the above order under the Chairmanship of Brig. V. P. Naib. This selection Board has to function on a State wide basis and has to interview and select candidates (ex-servicemen) from all the Employment Exchanges in the State for recruitment to Class III and Class IV civil posts and for their training in appropriate courses/trades. The panel of names, Job-wise, prepared by the Board will be sent to the Director of Employment and Training for maintenance on the live registers of Employment Exchanges.

2. The Appointing Authorities will continue to notify to the Employment Exchanges as usual such of the vacancies as are required to be filled through the Employment Exchanges. The only modification is that for vacancies set apart for Ex-Servicemen under the rules, the Employment Exchanges will send names of candidates equal to the number of such vacancies. The appointing authorities shall necessarily appoint such candidates as their suitability has already been decided by the Board. However, where names of ex-servicemen are sponsored by the Employment Exchange along with the names of others for vacancies which are not set apart for ex-servicemen, the appointing authorities can make a selection from the candidates sponsored, but even in these cases ex-servicemen should be given preference, if other things are equal.

3. All the Secretaries to Government and Heads of Departments are requested to bring the above instructions to the notice of all the Appointing Authorities under their control.

Recognition of Commercial Examinations of other States- Effect of withdrawal of recognition on those who acquired the qualification when the recognition was in force.

CIRCULAR.

No. ED 40 TCE 73, BANGALORE DATED 26TH JUNE 1974

By Government Order No. ED 54 GCE 63, dated 16th May 1964, among others, the 130 words Speed Test conducted by the Ex-Bombay and Maharashtra Government was treated as equivalent to the English Senior Grade Shorthand Examination of this State This recognition was, however, withdrawn subsequently by G. O. No. ED 67 GCE 68, dated 22nd September 1969. But certain officials had passed the 130 words speed test of the Maharashtra Government at a time when the recognition was in force prior to 22nd September 1969. They became due for promotion for earning which they are required to pass the Senior Shorthand Examination of Karnataka State after 22nd September 1969 the date from which the parity of standards was withdrawn The question arose whether the officials who had acquired the qualification by passing 130 words speed test of the Maharashtra Government which was held to be equivalent of Senior Shorthand Examination of Karnataka at a time when the recognition was in force could be considered to be eligible for promotion after withdrawal of the recognition.

The question has been examined. It is obvious that the eligibility for promotion is to be considered on the date on which it becomes due. Hence, the qualifications to be considered for that purpose would be those recognised on the date of making the promotion. A person would be eligible for promotion only if he possessed the prescribed qualifications on the date of making the promotions and not otherwise. If recognition for the qualifications acquired by the official have been withdrawn by the time he became eligible for promotion, then, such qualification will cease to equivalent to the prescribed qualification and the official would not be entitled for being considered for promotion on that basis.

All Heads of Departments and other appointing authorities are requested to follow the above.

Establishment of a Corps of Detectives in the Criminal Investigation Department.

ORDER NO. HD 229 PEG 73, BANGALORE DATED 15TH APRIL, 1974.

The Government have had under consideration for sometime past the question of establishing a Corps of Detectives in the Criminal Investigation Department for investigating cases involving economic and financial offences and major crimes which would requre special knowledge of both law and investigation. In order to achieve maximum results in the detection of crimes and with a view also to inspiring public confidence in the Police administration, it has been decided to build up a Corps of Detectives in the State C. I. D.

2. A Committee of senior Police Officers was appointed to examine this matter in all its details. The Committee has observed that an expansion of the Criminal Investigation Department along the existing lines will not meet the needs of the situation. With the opening up of the interior and improved Communication facilities and with the development of Science and technology, criminals have acquired new and sophisticated methods for perpetrating crimes; and these methods were unknown to the criminals of an earlier era. Further, white collar crimes are being committed more and more by intelligent cheats who adopt novel and scientific methods to defy detection. Again, counterfeit currency cases and cases relating to thefts of idols and antiques have also come to notice. Offences relating to persons such as abduction of girls for immoral purposes, maiming of Children for begging are being committed. With the increase in inter-National tourists traffic, various other types of crimes are also likely to be imported into India. In this race the criminals should not be allowed to get better of the police; the latter must keep themselves adequately equipped and trained to meet the challenge.

3. The study of the crime statistics by the Committee has disclosed the necessity for taking immediate steps to ensure that no important case goes. undetected for want of sustained investigation. For this purpose, the C. I. D would have to be manned by specially chosen officers of out standing detective abilities.

4. The Corps of Detectives will be divided into the following Squads, each to deal with cases coming under a specific item of specialised crime and manned by the staff noted against each:

	Superintendent of Police.	Deputy Superintendent of Police.	DETECTIVES.			
			PIs	SIs	HCs	PCs

I. (1) Homicide Squad to investigate important and complicated cases of murder.	1	2	1	—	—	—

(7) Anti smuggling squad to investigate cases of smuggling of narcotics, foreign liquor and foreign goods.	1	1	3	2	—	—

Legal and Expert Services :—

5. In View of the complicated nature of the cases to be handled, it is considered necessary to provide the Corps of Detectives with the assistance of one Legal Adviser on a salary of Rs. 1,500/- p.m. and one Assistant Legal Adviser on a salary of Rs. 600/- p.m., both of them being appointed on contract basis for a period of 3 years in the first instance.

6. The Committee has also recommended that one Senior Auditor and Junior Auditor may be provided for assisting the Corps of Detectives in handling cases of mis-appropriation and fraud. The Senior Auditor and the Junior Auditor will be drawn from the State Accounts Department on deputation basis.

Ministerial Staff :—

7. For running this organisation, provision of sufficient ministerial staff is indispensible. Taking into account the existing staff available in the state C.I.D., the Committee has recommended the sanction of additional posts of 4 Section Superintendents, 10 first Division Clerks, 16 Second Division Clerks, 12 Stenographers and 10 Typists.

Transport :—

8. For the success of the scheme, facilities for fast movement to all corners of the State are absolutely necessary. Taking into account the vehicles now available in the State C.I.D., the Committee has recommended the provision of 6 Ambassador Cars, 12 Jeeps and 2 one-ton vans.

Incentives :

9. In order to attract the best talent available, the Committee has conside red various methods of providing incentives and has come to the conclusion that one of the ways to get the right type of officers is to sanction attractive special pays. Considering the special features of the work such as anonymity, isolation, long hours of work, heavy touring and also having regard to the need for economy-alround, the Committee has recommended the following scales of special pay to be attached to the posts :—

1.	Superintendents of police	Rs. 200/-p.m. each
2.	Deputy Superintendents of police	Rs. 175/-p.m. each
3.	Circle Inspectors & Auditors	Rs. 150/-p.m. each
4.	Sub Inspectors	Rs. 150/-p.m. each
5.	Head Constables	Rs. 75/-p.m. each
6.	Police Constables	Rs. 50/-p.m. each

Head Quarters:

10. The Committee has suggested Bangalore City to be the Head quarters of the entire staff attached to the Corps of Detectives.

Residential Quarters:

11. At present, residential quarters cannot be made available to the staff in Bangalore City. The Committee has examined this problem and suggested the outright purchase from the Housing Board of 75 Middle Income Group Houses and 75 Low Income Group houses to accommodate 75 detective Circle Inspectors and 75 other detective executive staff, or requisitioning of houses through the House Rent Controller for being allotted to the staff, the rent being borne by the Government. As this would take time, the Committee has recommended the sanction of special House Rent allowance of Rs. 250/- P. M. each of those to whom houses cannot be provided free of rent.

12. After careful examination, the Government are pleased to accord sanction to the above proposals made by the Committee for the establishment of a Corps of Detectives in the State C.I.D., Bangalore, subject to the following modifications:

(*a*) *Special pay*:—The rates of special pay sanctioned to the staff are as follows.

Post	*Rate of Special pay*
(i) Superintendent of Police	Rs.200/-P.M.
(ii) Dy. Superintendent of Police	Rs.175/-P.M.
(iii) Circle Inspector/Auditors	Rs.150/-P.M.
(iv) Sub-Inspectors of Police	Rs.125/-P.M.
(v) Head Constables	Rs. 75/-P.M
(vi) Police Constables	Rs. 50/-P.M.

(*b*) *Residential Accommodation*:—The Inspector General of Police will take action to provide rent-free residential accommodation to all the personnel of the Corps of Detectives, according to their entitlements. He will allot, to the extent available, houses constructed for police personnel to the staff of the Corps of Detectives. If this accommodation is not adeoquate, he may send proposals to Government for the sanction of House Rent Allowance to the remaining staff.

13. Action should be taken to complete the preliminaries of interview and selection of personnel so as to ensure that the best investigating talent finds its way into the Corps of Detectives. The selection of personnel will be made by the Inspector General of Police by deputation of the existing staff in the Police Department. The Inspector General of Police will lay down suitable principle and procedure for their selections. Qualified persons including retired Government servants may also be appointed on contract basis, in accordance with the procedure laid down by Government for such appointments.

14. The period of sanction for the Corps of Detectives with its staff will be three years in the first instance.

15. This order issues with the concurrence of the Finance Department, *Vide* their U.O. No. FD 0.566/SI/74 dated 5th April 1974.

Land Reforms : Vesting in Government of the lands leased by landlords to tenants— Identifying of—

No. RD 138 LRM 74, BANGALORE, DATED 24TH AUGUST 1974.

The Karnataka Land Reforms Act, 1961 as it stood prior to its amendment by Karnataka Act No. 1 of 1974 with effect from 1st March 1974 gave a last opportunity to the landlords owning specified extents of land who had leased out their lands to tenants, to recover about 50% of such land for their personal cultivation or for bonafide non-agricultural use. This right of resumption was, however, subject to the conditions laid down in Section 16 of the principal Act. After the amendment of the Act with effect from 1st March 1974, this right of resumption given to the landlords has been withdrawn. Further, it has been provided that all applications statements and proceedings (including execution proceedings and proceedings in appeal) under the Principal Act relating to resumption of land pending before the Court immediately prior to 1st March 1974 except those permitted by Section 5 shall not have effect and shall abate. In short the landlords have lost the right of resumption of the land under lease with effect from 1st March 1974.

2. Under the Law as amended, it is provided that all lands held by or in possersion of tenants immediately prior to 1st March 1974 except those whose lease is permitted under Sub-section (2) of Section 5 shall stand transferred to and vest in the State Government free from all encumbrances (Section 44). It is further provided that all rents and all other amounts due in respect of such lands which becomes due on or after the date of vesting shall be payable to the State Government. All such lands are to be taken possession of by Government.

3. According to the agricultural Census of 1971 over 8 lakh hectares of land comprising 3.97 lakh holdings come under the category of lands rented by the cultivators wholly or partly. Identification of these holdings keeping in view the figures of agricultural Census is no doubt a stupendous job requiring deep scrutiny of the land records at village level. This job, however, has to be done, and done expeditiously. Clear cases of tenancy are to be sorted out first and listed out village-war and the tenants advised to apply to the Tribunal before the expiry of the extended time. In other cases where the tenancy is in dispute, the tenant should be advised to approach the Tribunal constituted under Section 48 of the Act within the extended time with an application in Form 7 prescribed under the Rules. A list of such disputed cases may also be prepared and the disposal of the disputes by the Tribunal watched.

4. The Tribunal which is empowered under Section 48-A to enquire into the applications of persons entitled to be registered as occupants received by it within the time limit specified therein, will take some time to complete the enquiries and fars orders and till then the person in possession of the land will continue to be in possession. Under Section 44 (2) (b), the tenant has to pay to Government all rents and all other amounts in respect of the lands vested in Government under Section 44, which become due on or after 1st March 1974. Under Section 10-A, the tenant shall, with effect from 1st March 1974, be responsible for the payment of land revenue, water rate and all cesses or fees levied thereon to the State Government or a local authority in respect of land held by him on lease.

5. There may not be any difficulty in following the above noted provision in Section 44 (2) (b) and Section 10-A in undisputed cases of tenancies. In respect of other cases where the tenancies are in dispute, the question, whether the land revenue and other dues as from 1st March 1974, should be collected from anyone

till the Tribunal determines the tenants' rights has been examined by Government. It is not permissible to demand Land Revenue in respect of such lands either from the landlord or the tenant. The landlord will plead that the land has vested in Government while the tenant will plead that he has not yet been given occupancy rights. But it is possible that in certain cases, the landlord or tenant or both may voluntarily pay the Land Revenue and other Government tax on disputed lands. In such event it is directed that the amount offered may be collected. In cases where both pay, eventually, the amount paid by the person whose claim is disallowed by the Tribunal, can be refunded.

6. The arrears due upto 1st March 1974 should however be recovered from the landlord.

7. Under Sec. 45, every person who was a permanent tenant, protected tenant or other tenant or where a tenant has lawfully sublet such sub-tenant is entitled to be registered as an occupant with effect from the date of vesting of the lands of which he was a tenant, and which he has been cultivating personally. Such tenant gets the occupancy rights only on passing of an order by the Tribunal under Sec. 48A (5) and thereafter he pays to Government the amount of permium in respect of the land as fixed under Sec. 48A (7) either in a lumpsum or in equated instalments over a period not exceeding twenty years with interest at 4½ percent. a. *vide* Sec. 53. Until the Tribunal issues an order, vide Sec. 48A (5), the person actually cultivating the land may be advised strongly that so long as he claims to be a tenant, it will go against his best interests if he does not desposit with Government the rent due in respect of such land from 1st March 1974 in accordance with Sec. 8 of the Act. These deposits will later on be set off against the premium due and payable to Government by the tenant who gets the occupancy rights and that would help in relieving the burden of paying the accumulated arrears of premium at that time.

8. The Revenue Officers have to get ready with uptodate villagewar lists of lands under lease, specifying the land revenue, rent as prescribed in Sec. 8 and other dues recoverable in respect of such lands from 1st March 1974 and take steps for their recovery at the appropriate times.

Alienation of Agricultural lands prohibited under Karnataka Land Reforms Act, 1961.

No. RD 181 LRM 74, BANGALORE DATED 22ND AUGUST 1974

All lands held by or in possession of tenants as on 1st March 1974 other than those held by them under leases permitted under Section 5 of the Karnataka Land Reforms Act 1961 have stood transferred to and vested in Government from 1st March 1974. All rights, title and interest vesting in the owners of such lands and other persons interested in such lands have ceased ; and these are vested absolutely in the State Government free from all encumbrances (Section 44). These lands will ultimately be given to the tenants under the procedure laid down for the registration of tenants as occupants. There is an interval between devestment of the ex-landlord and the registration of the ex-tenant. It is clear that during this interval neither the ex-land lord nor the ex-tenant (or sub-tenant, in actual occupation of the land, has any right of transfer of such land.

There are various ways in which lands become vested in Government under the Land Reforms Law. For instance lands in excess of the ceiling come to Government after the fulfilment of the due procedure. Disposal of all such lands is provided for under Section 77.

If a tenant holding land from a date prior to 1st March 1974 is not entitled to be registered as an occupant or his right to become occupant becomes ineffective, such land will be brought under the surplus land pool and disposed of under Section 77 (Section 58). When a tenant registered as an occupant fails to cultivate the land personally for three consecutive years he is to be evicted and the land is to be disposed of under Section 77 (Section 60).

Where a tenant has become occupant of a land, under the Land Reforms Act, he is prohibited from transferring such land for a period of six years from the date of issue of certificate under Section 55 by the Tahsildar. If such tenant desires to give up personal cultivation of the land of which he has been registered as an occupant within six years of registration, he has to surrender such land to Government and get refund of the amount paid therefor under Section 72.

All the above provisions which mainly relate to the lands under lease as on 1st March 1974 and which have vested or will vest in Government should be specifically brought to the notice of the landlords and tenants by publicity at village level through all possible local media including Village Panchayats, Block Development Offices, Agricultural Extension Centres etc.

Chapter V of the Land Reforms Act contains the various restrictions on the holding or transfer of agricultural lands. Those who are specifically barred from holding agricultural lands are indicated below.

1. Non-cultivating persons.
2. Institutions not covered by Section 63 (7).
3. Companies.
4. Associations or other Bodies.
5. Co-operative Societies other than Co-operative Farms.

Persons having more than Rs. 12,000 annual assured income from sources other than agriculture are barred from acquiring land after 1st March 1974.

Section 80 specifically bars sales of agricultural lands to non-agriculturists. Where lands under self-occupation are within the ceiling area fixed under Section 66 they can be transferred to some one who is entitled to hold it or acquire it under the provisions mentioned above. If the transferee is an agriculturist who is a self-cultivator he must be one holding less than the ceiling area. Even so the transfer can only take place provided the purchaser's holding after the purchase does not exceed the ceiling area. Even future acquisition of land by way of inheritance, bequest etc. by a person already holding land up to the ceiling limit on 1st March 1974 is prohibited by Section 64. Lands so acquired are to be declared and surrendered to Government.

The Assistant Commissioner of the Sub-division is the authority empowered to enquire into illegal transactions under the Land Reforms Act and make a declaration that any particular transaction is in contravention of provisions of the Act, on such declaration the transaction shall be null and void and the land in respect of which such transaction has taken place shall be forfeited to and vest in the State Government. No amount shall be payable therefor.

From 1st March 1974 restrictions on alienation of holdings by persons owning land in excess of ceiling limit fixed under the Karnataka Land Reforms (Amendments) Act, 1973 have come into operation and any alienation which *prima facie* appears to be in contravention of the Land Reforms Law has to be dealt with under Section 83.

Penalties for the various offences under the Law are provided in Sec. 125 of the said Act.

All the Village Accountants and the local Revenue Officers should be suitably educated by the Tahsildars on these provisions of the Land Reforms Act and they in turn should be asked to advise the Agriculturists appropriately.

It is necessary to ensure that agriculturists and others do not involve themsleves in illegal transactions relating to agricultural land. It will be appreci-

ated that such transactions invite heavy penalties. Prospective purchasers may be warned that they stand to lose the land altogether if they become party to illegal transactions. Wide dissemination of the provisions mentioned above is essential to save innocent parties from the dire consequences of ignorance of the new provisions of the Land Reforms Law.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

(GENERAL ADMINISTRATION DEPARTMENT)

Karnataka State Servants (Determination of Age) Act 1974–Issues Instructions clarifying various provisions of the Act

OFFICIAL MEMORANDUM

No. GAD 52 SSR 74, BANGALORE DATED THE 6TH SEPTEMBER 1974

The Karnataka State Servants (Determination of Age) Act, 1974 (Karnataka Act No. 22 of 1974) which provides for the determination of the age of the State Servants so far as it relates to their conditions of service on their first appointment and for all matters connected therewith has come into force on 18th June 1974.

2. The provisions of the Act are applicable to all State Servants who are members of a Civil Service of the State of Karnataka and who hold civil posts under the State of Karnataka.

3. Under Section 3, every person, on his appointment as a State Servant, is required to declare to the Appointing Authority his age and date of birth and he shall produce in support thereof before that Authority the following documents.—

(1) An authenticated extract from the birth or baptismal register, or

(2) Orginal Horoscope, or

(3) Correspondence contemporaneous with the date of birth indicating the date and time of birth.

(4) An authenticated copy or extract from the entries made in the School or College records indicating the date of birth.

4. The Act also provides that if any of the above documents cannot be produced by any State Servant he shall furnish reasons for their non availability

and the Appointing Authority may require the State Servant to produce such other documentary evidence in support of the age as the appointing authority may require.

5. Sub-section (2) of Section 3 while empowering the Appointing Authority to determine and accept the age and date of birth casts a duty on that authority to record or cause to be recorded the age and date of birth as accepted by him in his service records, and to Inform the State Servant. In the case of a non-Gazetted State Servants it will be sufficient if his signature is obtained in the Service Register in token of having seen the accepted date of birth after it is so recorded. In the case of a Gazetted State Servant an order shall be issued and communicated to him and to the Accountant General. Such determination is, however, not required to be done in the case of a State Servant whose age and date of birth has been determined in pursuance of a decree of Civil Court which has become final, before the date of commencement of the Act.

6. In respect of the State servants who are already in service, the age and date of birth accepted and recorded in their service records in accordance with the rules in force prior to the coming into force of the said Act shall be deemed to be the age and date of birth accepted and recorded under Section 3(2).

7. Section 4 of the Act bars alteration of age and date of birth once accepted or deemed to have been accepted except as provided under section 5 under which the power to alter the date of birth and age is vested in the State Government in respect of all State Servants except judicial officers and servants of the High Court. The power to alter the date of birth and age of judicial officers is vested in the High Court of Karnataka. In respect of servants of the High Court, this power is exercisable by the Chief Justice or such other Judge or officer of the High Court as he may direct.

8. However, even the Government cannot alter the age and date of birth of a State Servant to his advantage *suo-motu*. This can be done only if the State servant makes an application for the purpose within three years from the date of acceptance of his date of birth or within one year from 18th June, 1974 whichever is later. Further, there is a bar against Government exercising their power in a case where the age and date of birth of a State servant has been accepted and recorded in his service records in pursuance of a decree of a Civil Court obtained by such State servant against the State Government.

9. Sub-section (3) of Section 5 of the Act provides for appointment of an officer for the purpose of making an Inquiry. The Inquiry Officer is a Civil Court and has the powers of such Civil Court for the purpose of summoning and enforcing attendance of witnesses, requiring the discovery and production of any documents receiving evidence on affidavits; requisitioning public record or copy thereof from any Court or office and issuing commissions for the examination of witnesses or documents and any proceedings before him are deemed to be judicial proceedings. The omission to produce any document; refusal to be bound by oath or affirmation; refusal to sign any statement as required by and refusal to answer any questions demanded by the Inquiry Officer would constitute offences as described in Sections 175, 178, 180 and 179 of the I.P C. respectively. Since the inquiry Officer is regarded as Civil Court and his proceedings are judicial proceedings, any intentional insult to him or interruption of his proceedings would constitute an offence as described under Section 228 of the Indian Penal Code. The provisions of the Act invest the enquiry Officer with the power to take further action as provided in the Act if the offences referred to above are committed in the view or presence of the Enquiry Officer. In Notification No.

GAD 48 SSR 74 dated 27th July 1974 Shri B. N. Krishnan, Solicitor and *Ex-officio* Deputy Secretary, Department of Law and Parliamentary Affairs has been appointed for the purpose of making an enquiry under this section. All cases under this section may be referred to the concerned administrative department of the Secretariat which shall get the matter enquired into by Sri B. N. Krishnan.

10. Matters with regard to the determination of age and date of birth of State servants so far as these relate to the conditions of service are taken out of the jurisdiction of courts under section 6 which also prohibits questioning of any decision taken under the Act in any Court of Law.

11. All the Heads of Departments and Appointing Authorities are requested to follow the previsions of the Act for determining the age and date of birth of State Servants for the purpose of their conditions of service.

N. P. JOSHI,
Deputy Secretary to Government,
General Administration Department.

3 *Cost of Administration and revenue from Audit Charges* :—The cost of Administration of Department rose from Rs. 23.32 lakhs in 70–71 to Rs. 23.45 akhs in 1971–72. A demand of Rs. 12.46 lakhs towards audit charges was raised luring 1971–72. The arrears (including the arrears of previous year) amounted o Rs. 8.90 lakhs on 31st March 1972. The Controller, State Accounts Depart-nent should pursue the question of recovery of the arrears of audit charges of the Hindu Religious and Charitable Endowments Institution with the Commissioner or Charitable Endowments and of the adjustment of arrears from Municipal unds under the provision of the Karnataka Municipalities Act 1964, by the Treasury Officers with the Divisional Commissioners.

4. *Work turned out by the Department* :—The number of institutions which had to be audited during the year and the number which were actually audited n respect of certain categories of institutions during 1971–72 are given below :—

	No. of Institution in the State	No. programmed for the year	Number audited during the year
Taluk Development Boards.	175	164	136
Taluk Development High Schools	305	305	227
Health Unit Type and other Dispensaries	137	119	137
Town Panchayats	141	106	90
Village Panchayats	8174	5055	3611
Panchayat High Schools and Other Institutions	5	4	3
	8937	5753	4204

The audit done during the year amounted to 73 per cent of the audit programmed for the year and covered only 46 per cent of the number of institu-ions subject to audit by the Department.

The Controller shall ensure that the audit programme is adhered to by the Local Audit Circles by a periodical review of their performance and that a larger number of institutions are included in the audit programme so that arrears of audit is reduced considerably.

5. *Surcharge.*—During the year 1971-72 only 2 cases involving Rs. 1,75,428.89 were recommended for institution of surcharge proceedings. But a sum of Rs. 6354.34 only was recovered and credited to the funds of concerned Municipalities. Inspite of Government instructions to the Divisional Commissioners in letter No. HMA 14 TAO 71, dated 21st May 1971 to take immediate action in respect of all outstanding cases under Section 296 of the Karnataka Municipalities Act 1964 (as empowered in Notification No. PLM 28 MCB (2) 65 dated 16th March 1966), the position has not improved. Unless, the matter is vigorously pursued by the Deputy Commissioners, the prospect of making much headway in recovering these amounts is rather remote. The Deputy Commissioners are therefore requested to make special efforts in this behalf.

6 *General.*—(1) During the year, the Department prepared the draft of the Karnataka Municipalities (Conditions of service of officers and servants) Rules 1972 and submitted to Government.

(2) In the course of audit of accounts of the institutions, several lapses, irregularities have been noticed. Unless effective follow up action is taken in with reference to the audit reports, the purpose of audit will not be served. The follow up action does not rest with the State Accounts Department but with the local bodies and the Muzarai Institutions whose accounts are audited. The response from these bodies however, continues to be luke warm. The Divisional and Deputy Commissioners are therefore requested to ensure that the observations in the audit reports are taken note of and necessary action is taken in the interest of proper financial management of the institutions.

(7) The working of the Department during the year was on the whole satisfactory.

Under Secretary to Government, I/c.

PREAMBLE :—

In theGovernment Order dated 26th April 1974, read at Sl. No. 4 above, sanction was accorded for the further continuance of the several Units/Divisions and Posts sanctioned in the Government Orders read at Sl. Nos. 1 and 2 for a period of 4 months from 1st April 1974 to 31st July 1974, in the first instance.

The G.A.D. (ERB) was requested to examine in detail all the issues involved regarding the several Units and Divisions in the direction of the Strengthening of the Planning Machinery in the State and to send their report. Accordingly, G.A.D (ERB) after due examination, have forwarded a detailed Note along with their U.O. Note referred to in Sl. No. 6. The G.A.D. (ERB) have stated that the functions which are proposed to be assigned in the new set up are discharged by the existing Units though not in a detailed manner with the required emphasis as contemplated by the Government of India. Consequently, the Planning Department has not been able to do justice to the various plan functions. From this angle, the E.R.B. welcome the proposed

strengthening of the Planning Machinery to systematise and cope with the work load consequent on intensification of the activities relating to the plan functions.

It is also further stated that the magnitude and nature of work involved at present may not provide a clear picture of the work under the proposed set up because of the fact that the work would be of qualitative and creative nature involving considerable research work etc. It is therefore, stated that it might be necessary to review the working of the entire Planning Machinery, at a later stage, so that an adjustment could be made in the light of the experience gained in the working of these Heads of Units over some period and also in the light of the suggestions that the Government of India might make while approving the staffing pattern which has been separately referred to them for the purpose of Central assistance.

As the present sanctioned term of the several Units/Divisions and Posts sanctioned in Government Order dated 26th April 1974 expires on 31st July 1974, pending detail examination and finalisation of the future set up of the Strengthening of Planning Machinery, it is considered necessary to continue further the above Units etc., as per Annexures I, II and III from 1st August 1974, to 31st March 1975.

In the cadre schedule of the Motor Vehicles Department issued in 1962 there are six posts of Senior Regional Transport Officers, Fourteen Posts of Regional Transport Officers and three posts of Assistant Regional Transport Officers. The strength and composition of this cadre has undergone several changes. When the cadre schedule was issued in 1962 very few districts were having officers in the cadre of Senior Regional Transport Officers and with the expansion of the activities, the departmet is having nineteen posts of Senior Regional Transport Officers in the Scale of Rs. 400-950 and nine posts of Additional Regional Transport Officers and Special Regional Transport Officers in the scale of Rs. 300-700. The Senior Regional Transport Officers are also the Secretaries of the Regional Transport Authorities and attending to the work of the Motor Vehicles Department within their jurisdiction. The Additional Regional Transport Officers and the Special Regional Transport Officers are not District Officers. There are no Regional Transport Officers exclusively in charge of any districts, the posts of Regional Transport Officers in charge of Districts having been brought to the status of Senior Regional Transport Officers in all the districts. With the extinction of the cadre of Regional Transport Officers incharge of districts it is considered necessary to redesignate the post of Regional Transport Officers and others. Government hereby direct that hereafter the post of Senior Regional Transport Officers may be redesignated as Regional Transport Officers and the Post of Additional Regional Transport Officers and Special Regional Transport Officer as Assistant Regional Transport Officers in order to avoid a multiplicity of designations of such posts in the Department. The permanent cadre strength of Regional Transport Officers is fixed at 19 and that of Assistant Regional Transport Officers at 9 respectively.

2. Necessary amendments to the cadre and Recruitment Rules will be issued separately.

In particular :

(a) Should there be a difference between purely administrative or executive posts and posts requiring technical or professional qualifications ?

VII. What are your views on the following matters ?—

(1) Should the time scales of pay be reasonably long or should there be telescoping scales (a reasonable portion at the top of the lower scale being equated to a like length at the bottom of the next higher scale) OR could both be employed in different situations and if so in which situations ?

(2) Should the rate of increments be same, rising or falling ?

(3) Should there be efficiency bars or no ?

(7) Should there be special selection grade/grades for outstanding merit ?

VII ಈ ಮುಂದೆ ಹೇಳಿದ ವಿಷಯಗಳ ಬಗ್ಗೆ ನಿಮ್ಮ ಅಭಿಪ್ರಾಯವೇನು ?

Economy in the use of Paper-orders regarding-issued

READ:—

1. D. O. letter No. O-17034-1-71-P dated 20th July 1974 from the Secretary to the Government of India, Ministry of Works and Housing, New Delhi."
2. Government Order No. GAD 46 TSM 74, dated 14 August 1974.

PREAMBLE :—

The Government of India in their letter cited at (i) above, have sent a copy of the instructions issued by them, in regard to economy in the use of paper and have requested the State Government to consider the question of issue of similar instructions to the various State Government Departments.

ORDER No. ED 246 MPS 74, BANGALORE DATED 5TH NOVEMBER 1974.

Apart from the need for maximum economy in expenditure in the present situation of extreme financial stringency, there is an acute shortage of paper and paper made articles owing to short supply of paper by the paper mills to the extent of about 50% of the allocated quantity. The Government of India have already issued instructions regarding the economy to be observed in the consumption of paper and paper made articles. In line with the steps taken by the Government of India, the State Government have decided that the following cuts to the use of paper and paper made articles should be effected forthwith. The Director of Printing, Stationery and Publications shall ensure that these cuts are enforced scrupulously.

(a) *Duplicating paper*–40% of the average consumption of the preceding three years.

(b) *Typewriting paper–33*–1/3% of the admissible quantity as per prescribed quantity scales.

(c) *White Printing paper*–40% of the average consumption of the preceding three years.

(d) Other varieties of paper and paper-made items e.g., Note sheetsblocks, envelopes, etc. } 33–1/3% of the average consumption of the preceding three years excluding carbonpaper, which is subject to 40 to 60% cut.

(e) *Stencil*–33–1/3%of the average consumption of the preceding three years.

2. Indents for paper and Stationery articles should be subjected to the strictest scrutiny by the Heads of Departments and the Unit Officers concerned taking into account the cuts imposed, before they are forwarded to the Director of Printing, Stationery and Publications who in turn will exercise strict vigilance to ensure that the indents furnished conform to the cuts.

3. No Department of Government shall resort to local purchase of paper and stationery except in emergent and unavoidable situations. In such a contingency, prior approval of the Director of Printing, Stationery and Publications to the local purchase, of such articles shall be obtained by the Department concerned. The Director may permit such purchases up to a limit of Rs. 500 in each case depending upon the circumstances of the case, beyond which prior approval of the Secretary to Government in the administrative Department concerned will be necessary who on the recommendations of the Director may authorise such purchases with the concurrence of Finance Department.

4. Substantial economics in consumption of paper should also be effected by restricting the issue of requisitions for printing to the lowest minimum. In this connection, the following guide lines are laid down for strict adherence by all the Departments of Governments.

(*ii*) *Books and Publications*:—The indenting Departments should properly scrutinise the number of copies to be printed with a view to avoiding the printing of copies out of proportion to the actual requirements. To ensure this, it is directed that hereafter the Director of Printing, Stationery & Publications shall undertake printing of books and publications only on the authority of a Secretary to Government in the Administrative Department concerned who shall invariably consult the Finance Department before placing printing orders with the Director.

(*ii*) *Reports*.—It is noticed that many a time, reports of Committees and Commissions appointed by Government are printed apparently without adequate prior scrutiny as to their essentiality. Some reports are very bulky and they consume lot of paper and printing material. It is, therefore, necessary to ensure that only those reports are printed which are of a permanent character, Reports of a transient nature need not be printed. In many a cases, it may suffice if the reports are cyclostyled. However, in future, it is directed that the Director of Printing, Stationery & Publications shall undertake printing of reports only on the authority of a Secretary to Government in the administrative Department concerned who shall invariably consult theFinance Department, before placing printing orders for such reports with the Director.

(*iii*) *Forms*.—This is a sector where considerable economy can be effected because printing of forms accounts for a major portion of paper consumption of the State Government, The Director of Printing, Stationery & Publications should review in consultation with the Department concerned the several forms in use and take such steps as might be necessary to reduce them in number and in size.

5. It is necessary that even the reduced quantity of paper that will now become available for use as a result of enforcement of economy cuts as detailed above, should he put to proper and economic use by avoidance of wastage at every stage of its use. The guidelines already issued in this connection by Government in Government Order No. GAD 46 TSM 74 dated 14th August 1974 (copy enclosed for ready reference) shall be followed scrupulously by all Departments of Government.

6. The Secretaries to Government and Heads of Departments are requested to ensure that these measures are implemented by Departments, Organisations and other bodies under their administrative control as well as official/semi-official-non-official/autonomous bodies in receipt of Government grants and assistance. Further, Public Sector enterprises under their control may also be instructed to follow these instructions.

7. The Director of Printing, Stationery and Publications is also requested to bring these measures to the notice of all indenting departments and issue such procedural instructions to them as would ensure effective enforcement of the economy measures as contemplated by Government.

By Order and in the name of the Governor of Karnataka

Commissioner for Education & Secretary to Government,

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

(GENERAL ADMINISTRATION DEPARTMENT)

Office premises—Proper maintenance of buildings and care taking arrangements—Instructions regarding —

CIRCULAR

No. GAD 56 MAR 74, BANGALORE, DATED THE 21ST OCTOBER 1974.

The Administrative Reforms Commission in its report on the machinery of Government and its procedure of work has recommended that an efficient care-taking arrangement should be provided for every office with a view to avoid shabby physical conditions in most Government Offices. Keeping office premises neat and clean depends on two factors namely (1) proper maintenance of the building and surroundings; and (ii) efficacy of the internal caretaking arrangement and habits of the staff. Government after careful examination of this position and also the recommendation, have directed that adequate attention in this regard should be paid by every Head of the Office. In this connection, the following instructions are issued :—

(i) Though the responsibility for maintenance of the office building rests on the Public Works Department, it is the primary duty of the Head of the Office to ensure that the maintenance works are carried out from time to time and that the premises present proper appearance and healthy surroundings. The Public Works Department authorities, however should undertake maintenance work as part of their regular activities at suitable intervals without waiting for requisitions from the Heads of Offices ;

(ii) In most of the premises to-day, there is no adequate care taking arrangement to ensure neat and clean work-environment. The main reason for neglect in this area is that the value of neat and clean work-environment for prompt and brisk efficiency is not generally recognised. It is, therefore, necessary that there should be an efficient care-taking arrangement in every office and for this purpose an officer/officials at the supervisory level should be placed incharge of this work. The function of this officer/official is to arrange for proper cleanliness like regular sweeping, disinfecting, prevention of throwing waste paper in

and around the buildings, light and ventilation, proper layout of furniture and office equipment, etc. The Heads of Offices of other superior authorities should also inspect the premises at regular intervals to look into the adequacy or otherwise of the action taken in this regard and take appropriate action wherever necessary.

(iii) In respect of a building where a large number of offices are located, care-taking arrangement as envisaged in the previous para may not be workable and therefore a special arrangement will have to be evolved in this respect. In such a premises, the office occupying a major portion of the building should carry the responsibility for common services, maintenance of the building, cleanliness of the common areas, operation of the lifts, working of the canteen, etc. Care-taking within the space allocated to an individual office will, however, be the responsibility of that office. This special arrangement suggested above should, however, be worked out by the Offices located in such buildings in consultation with the Public Works Department or other authority incharge of the building;

(iv) Whenever an Inspecting authority visits the office, he should also invariably look into the cleanliness and maintenance of the building including the care taking arrangement and suggest improvements, wherever necessary.

2. The Heads of Departments and the Offices under their control are requested to take action as per the above instructions.

3. The Secretary to Government, Public Works and Electricity Department is also requested to issue specific instructions to the authorities of the Public Works Department to promptly carry out maintenance works of office buildings and to attend to the care-taking arrangements wherever they are concerned.

(GENERAL ADMINISTRATION DEPARTMENT)

Sub :—Mysore Civil Services (Regulation of Promotion, Pay and Pension) Act 74.

ORDER No. GAD 14 IFP 74, BANGALORE, DATED THE 19TH NOVEMBER 1974.

In Official Memorandum No. GAD 4 IFP 74, dated 1st December 1973, persons who had secured eligibility dates on the basis of the review of promotions under the provisions of M.C.S. (Regulation of Promotion, Pay, & Pension) Act, 74 were allowed two months time for exercising option under Rule 42-B(2) of the Karnataka Civil Service Rules from the date of issue of order fixing their date of eligibility or from the date of the Official Memorandum whichever is later.

It has been brought to the notice of Government that certain officials who had retired from service were not aware of the orders issued determining their eligibility dates on a review of promotions under the Karnataka Civil Services (Regulation of Promotion, Pay & Pension) Act, 73, and, therefore, they could not exercise their option under Rule 42-(B) of the Karnataka Civil Service Rules within the period allowed.

As it is not possible to expect officials who have retired from service to be aware of the several orders issued by Government subsequent to their retirement it is considered necessary to relax the condition laid down in Official Memorandum No GAD 4 IFP 73 dated 1st December 1973 in deserving cases of retired Government employees. Accordingly, Secretaries to Government and the Heads of Departments are requested to examine the cases of retired officials who have exercised their options on the basis of the dates of eligibility determined on the review of promotions under the provisions of the said Act and they are authorised to relax the condition of two months for exercising the option in deserving cases of retired Government servants.

OFFICIAL MEMORANDUM

No. GAD 64 SSR 74, BANGALORE, DATED THE 23RD NOVEMBER 1974.

It has been brought to the notice of Government that in spite of the instructions issued in the Circular No. GAD 34 SRR 69, dated 31st July 1969 there has been undue delay on the part of the appointing authorities in making appointments of candidates selected by the Public Service Commission/Recruitment Committees. The Circular instructions provide that normally appointment orders should be issued within a period of three months from the date of communication of the list of selected candidates to the appointing authorities. The period of three months is a sufficiently long period to enable the appointing authorities to consider the suitability of the candidates selected in accordance with rule 10 of the General Recruitment Rules and there should normally, be no occasions where a longer period is required.

All the Secretaries to Government and other appointing authorities are requested to ensure that the time limit mentioned above is strictly adhered to in such cases. Government would be constrained to take a serious view if there is undue delay in making appointments of candidates selected by the Public Service Commission or the Recruitment Committees unless there are adequate reasons justifying the delay.

The Head Constable detained him in the Police Station for further verification. The next morning the Sub-Inspector of Police, Sri Srinivasa Rao of Town Police Station, who came to the Police Station at 7-30 hours detailed the duties to the men and left at 9. 00 hours for Irgampalli for a petition enquiry. The Head Constable 61 K. R. Sheriff did not tell the Sub-Inspector about the detention of Narayanachari in the Police Station. Another Head Constable 91 Nazrulla Sheriff was detailed as Station House Officer from 9. 00 a. m. At about 10- 00 or 10. 15 a m. this Station House Officer *i.e.*, Head Constable 91 and Sentry Police Constable 464 Venkataramaiah heard some sound near the latrine situated in the rear portion of the Police Station. They immediately went to the spot and found Narayanachari shivering and lying on the ground. Thinking that he might be suffering from fits, and in the usual belief that fits would subside when some iron material is placed in the hands, they placed hand cuffs in his hands. The Head Constable also sent words to the Police Sub Inspector, Chintamani Rural Police Station, Sri Ankappa, who came to the spot immediately. On seeing Sri Narayanachari suffering, this Sub Inspector sent Head Constable Nazurulla Sheriff to get a doctor from the combined Dispensary, Chintamani. The Head Constable rushed to the Medical Officer and requested him to go over to the Police Station and give medical aid to the ailing person. But, the Medical Officer asked the Head Constable to bring the patient to the Hospital. When the Head Constable returned to the Police Station at 10.30 hours he found the said person dead.

Head Constable 91 Nazurulla Sheriff registered a case of un-natural death in crime No. 5/74 under section 174 of Cr. P. C On receiving information about this occurrence, the Superintendent of Police, Kolar rushed to Chintamani at 3. 30. p. m. The inquest proceedings were held by the Additional District Magistrate, Kolar, the same evening, and the body was sent to Post Mortem Examination to the Combined Dispensary, Chintamani. The Head Constable 61, K. R. Sheriff who was on night duty on 25th August 1974 has been kept under suspension for not making entries in the relevant records of the Station and also for his failure to inform the Sub-Inspector of the detention of Narayanachari.

Enquiries made regarding the identity of the deceased revealed the following facts :—

The real name of the deceased was Nagachari, son of Venkatachalam chari, aged 45 years, Goldsmith by caste and resident of Peddarajapalli, Bagepalli taluk, Kolar District, who left the house two months ago after quarrelling with his wife Smt. Savithramma. He had no issues, and had adopted a boy by name Krishna, aged 7 years. He was identified by his wife and a friend of his by name Subramanya of peddarajapalli.

Adoption of measures to maintain the beauty of the Central Administrative Area and to regulate and control the construction of buildings in this area

PREAMBLE:—

The Central Administrative Area in Bangalore comprises the area roughly within a radius of one and a half Kilometers from Vidhana Soudha and consists of important administrative buildings such as the Vidhana Soudha, High Court Buildings, Multi-storeyed Government Offices, Multi-storeyed Court Buildings, Accountant General's Offices, Public Service Commission Offices, New Public Offices, Government Press, Kanteerava Stadium with Physical-Culture Education Complex etc. From a long time, this area has the reputation of good architecture and well-kept gardens. The green openness and elegant buildings have always attracted visitors as well as the local residents. It has become one of the important places for visitors. It is imperative that this area is preserved with its beauty both in buildings and the gardens, and any haphazard growth should be prevented.

2. With State's Reorganisation and the formation of the New State, there has been a necessity for putting up temporary structures for accommodating the increased strength in administrative Offices. These temporary structures, while they have provided for the extra accommodation, have crowded the precincts of a number of public buildings and present an ugly appearance. It is, therefore, necessary that the surroundings of all public buildings should be cleared of these temporary huts and sheds to make the area clean and tidy with good gardens wherever possible.

3. The Chief Architect with the help of the Chief Engineer (Communications & Buildings), has prepared a Report with the Location Map of this area showing the important public buildings and the temporary additions. The Superintending Engineer, Bangalore Circle, has prepared an inventory of all the temporary buildings indicating their plinth area, their method of construction, approximate cost and the age etc. and has also indicated the structure which have to be demolished. The report given by the Chief Architect and the Chief Engineer (Communications and Buildings), emphasizes the necessity for demolishing these temporary structures around public buildings in a phased manner, after providing alternative accommodation if necessary. It is also proposed that this type of alternative accommodation can be provided in well designed Multi-storeyed Complexes in suitable places within this area.

4. The Report emhasizes that in order to preserve the beauty and openness of the area, any proposal for additional buildings should be scrupulously examined and should be started only after getting permission of the Government at the highest level. For this purpose, it suggests that a Screening Committee headed by the Chief Secretary may be set up to examine all proposals for additional buildings or structures.

5. Government have accepted the report and the proposals given by the Chief Engineer (Communications and Buildings) and the Chief Architect.

ORDER No. PWD 142 BMD 74, BANGALORE, DATED THE 15TH NOVEMBER, 1974

With a view to maintain the beauty of the Central Administrative Area, as well as to regulate and control the construction of new buildings in the area, Government constitute the following Committee:—

(4) Chief Engineer, (Communications and Buildings).

2. All temporary structures in this area as indicated in the Survey Plan enclosed, should be demolished within a period of five years. No new building should be constructed in this area without the concurrence of the Committee, and thereafter, without the specific approval of the Minister for Public Works and the Chief Minister.

3. New buildings that are absolutely necessary to provide accommodation for different Departments, may be provided in suitable designed Multi-storeyed complexes. The siting of such buildings should be determined by the Committee.

4. The gardens around the public buildings should be maintained by the the Director of Horticulture. The buildings and the surroundings should be kept tidy. No hoarding or advertisement should be allowed in any Government property except essential Government Advertisements. Sign-boards indicating the names of offices should be displayed in an orderly fashion.

Delay in authorising pay and allowance of Gazetted Government servants holding temporary posts.

No. FD 53 RFC 73 BANGALORE DATED 31ST OCTOBER 1974.

The Accountant General has suggested that in order to mitigate the inconvenience and hardship caused to Gazetted Officers owing to delay in issue of sanction for continuance of temporary posts held by them, Government might consider allowing the officers concerned to draw pay and allowances for a period of three months after the expiry of the period upto which the posts have been sanctioned.

2 Government have issued instructions, in circular No. GAD 90 OOM 68 dated 20th February 1969 inviting attention to the provisions in Article 114(2) of K.F.C. that proposals for continuance of temporary posts be submitted to Government well in time. It has, however, been the experience that, inspite of these instructions, there have been cases of proposals for continuance of temporary posts received by Government either at the fag end of the period of sanction or after the expiry of sanction putting the officers holding such temporary posts to hardship and inconvenience due to non-receipt of pay and allowances.

3. Government are therefore, pleased to accept the suggestion made by the Accountant General and direct that in cases where action for the continuance of temporary posts beyond the period upto which they stand sanctioned has been taken but the competent authority has not accorded sanction, the holders of such temporary posts may draw provisionally, without any authority from the Accountant General, their pay and allowances at the same rate as they were drawing in that post, for a period of three months after the expiry of the period upto which the posts had been sanctioned. The Gazetted officer availing of the facility should attach to the bill drawing his pay and allowances a declaration by the officer who is empowered to countersign his T. A. bills, that the officer continued to hold the post and that sanction for the continuance of the post has been applied for. In respect of officers governed by the I.R.L.A. System of payments, they should forward such declarations to the Accountant General.

4. In regard to non-gazetted officers holding temporary posts, the concerned drawing officers are permitted to draw their pay and allowances for a period of three months after the expiry of the sanctioned period provided the proposals for continuance of the posts have been submitted well in time and a certificate to this effect is attached to the relevant pay bills. The concerned drawing officers are also permitted to draw contingent bills towards office rent, postage etc. without which the establishment cannot function.

5. It will be the responsibility of the Administrative Department concerned to take timely action for issuing sanction for continuance of temporary posts in such cases as soon as possible so as to cover also earlier periods governed by payment of provisional salary to the officers.

6. Necessary amendments to Karnataka Financial Code will be issued in due course.

Departmental Enquiry against Sri G. Gopala Reddy formerly working as Extension Officer (Co-operation) Development Block, Vemagal, Kolar District.

READ :—
1. G.O. No. DPC 65 ENQ 72 dated 11th December 1972.
2. Show cause notice dated 11th December 1972.
3. Representation dated 2nd July 1973 of Sri Gopala Reddy.
4. Letter No. CON. 351/ SC/73-74 dated 8th October 1973 from the Secretary, Karnataka Public Service Commission, Bangalore.

PREAMBLE :—
A show cause notice was issued to Sri G. Gopala Reddy, formerly working as Extension Officer (Co-operation) Vemagal Block on the following charge to show cause why he should not be dismissed from service.

CHARGE :—
"You, Sri G. Gopala Reddy, while working as Extension Officer (Co-operation) N.E.S. Block, Vemagal, Kolar Taluk, committed grave official misconduct in that you demanded and accepted an illegal gratification of Rs. 20 on 5th November 1963, from one Sri N. Narayanappa s/o Narasappa, Agriculturist, Madderi village, Kolar Taluk, to show him an official favour in connection with the verification of his loan accounts".

The AGO has raised the following contentions in his representation :—

(a) The decision of Government in altering the findings of the Enquiry Officer is based on one-sided approach to the case and it is entirely based on the report of the Vigilance Commissioner ;

(b) The Vigilance Commissioner has not bestowed any thought on the AGO's written statement and has ignored the admissions, inconsistencies or contradictions elicited during the course of cross examination of the prosecution witnesses ;

(c) The evidence regarding the improbability of the AGO's presence at the time of seizure of the two ten rupee notes has been lightly dealt by the Vigilance Commissioner ;

(d) The procedure under Rule 14-A has not been followed ;

(e) Opportunity to personally argue the case was not given ;

As regards the first point the Government Order first read above clearly indicates the findings of the Government on the charges with reasons therefor. As regards the second point the Vigilance Commissioner has elaborately analysed the evidence of both Defence and prosecution witnesses and exhibits of the case. As regards the third point, the AGO's plea is not believable because, he has not mentioned the fact that he was not at Kolar on the day of trap in his first written statement. The fourth point is not tenable because the procedure under Rule 14-A of the K.C.S. (C.C. & A) Rules, has been followed and the

inquiry conducted conforms to the principles of natural justice. The fifth contention is also not tenable because the A.G.O.s counsel has argued the case and depositions are attested by the AGO.

In the letter cited (4) above, the Karnataka Public Service Commission who were consulted have agreed for the dismissal of Shri G. Gopala Reddy from service.

ORDER No. RDC 65 ENQ 72, BANGALORE, DATED THE 11TH DECEMBER 1974.

In the foregoing circumstance and in exercise of the powers vested in it under Rule 14-A (1)(e) of the K.C.S. (C.C. & A) Rules, 1957, the Government of Karnataka hereby order that Sri G. Gopala Reddy, formerly working as Extension Officer (Co-operation) Vemagal Block and presently working as Senior Auditor of Co-operative Societies attached to the Special Auditor, Shimoga be and is hereby dismissed from service with immediate effect.

Craftsmen Training Scheme—Regarding employment of Industrial Training Institute passed Trainees in Government Departments and Establishments.

CIRCULAR

No. SWL 281 ETI 73, BANGALORE, DATED 30TH OCTOBER 1974.

(1) Organised Training of Craftsmen to cater for the needs of Industries in our Country is a comparatively recent development. With our rapid industrialisation where the technology adopted is also changing equally fast, the need for fully qualified skilled workers is very keenly felt. The Craftsman Training Scheme has the objectives of :—

(a) Ensuring steady flow of skilled workers and raising the quality of production by systematic training of workers; and

(b) reducing un-employment among educated youth by equipping them with suitable training for industrial employment.

(2) The trainees are selected by Selection Committees constituted by Government for each Industrial Training Institute/Centre, with broad guidelines, for undergoing training in different trades for duration of one year or two years at present. Prior to 1967 the duration of training was 18 months for all trades, followed by 6 months in-plant training in the industries. The institutes the trades taught and the qualifications required for admission to the Institutes are indicated in the annexures.

(3) Those qualifying, after the institutional training, are permitted to appear for a National trade test conducted by the National Council for Training in Vocational Trades. Those passing out in the trade test, are awarded National Trade Certificates at present. In the past, (i. e.) in early 1960's these trainees were given certificates known as Diplomas in Craftsmenship. All these certificates are one and the same but the form and nomenclatures are different due to the change of the pattern from time to time.

(4) All these certificates were issued by the Ministry of Labour and Employment in the earlier stages and are now issued by the National Council for Training in Vocational Trades, having all India recognition. The specimen copies of the certificates are enclosed herewith.

(5) In the Government Order No. GAD 85 SRR 63, dated 19th/21st November 1964 (copy enclosed) Government had ordered that holders of these diplomas and certificates would be eligible for recruitment to State Civil Services necessary provisions having been made in the recruitment Rules of the departments in which they could be appointed taking into consideration their qualifications. The Departments concerned were also requested to prescribe these Diplomas and Certificates for other posts also for which the candidates possessing these qualifications might be considered suitable in consultation with the Director of Employment and Training.

(6) It has been brought to the notice of Government that none of the Departments or State Industrial establishments have consulted the Director of Employment and Training in this regard as per the above Government Order. Trainees of trades like Draughtsman (Mechanical) and (Civil) (Surveyor) and Building Constructor would be very useful in the Public Works Departments. It has also come to the notice of the Department of Employment and Training that these trainees are not considered, as these qualifications have not been included in their Cadre and Recruitment Rules.

(7) The entire training in the Industrial Training Institutes is practical-biased though with adequate theoretical knowledge. It may be stated here, that private and Central Government public-sector undertakings invariably prefer Industrial Training Institute trainees.

(8) The Government of India have already issued instructions to all their Ministries and public sector undertakings to include Industrial Training Institute qualifications also among others, for recruitment to the subordinate posts.

(9) A list of Institutes, Trades in which Training is given and the qualification prescribed for admission to these Institutes, duration of the Training and types of Certificates issued are enclosed for information and guidance in the matter of including these qualification in the relevant Cadre and Recruitment Rules.

(10) The Heads of Departments and in particular public-sector undertakings of the State are therefore requested to prescribe these qualifications for the posts in consultation with the Director of Employment and Training and prefer Industrial Training Institute trainees, subject to the condition that they satisfy other minimum requirements of the concerned department or undertakings.

The Heads of Departments/Secretaries to Government are also requested to take immediate steps to make necessary provision in the relevant Cadre and Recruitment Rules accordingly under intimation to this Department.

K. NARASIMHA MURTHY,
Secretary to the Government,
Social Welfare and Labour Department.

G. O. No. SWL 142 ECS 74, DATED 31ST OCTOBER 1974.

GUIDELINES

In scrutinising proposals received from the States for approval of schemes under the Employment Promotion Programme (1974–75) the following guidelines shall be kept in view :—

1. The development programmes undertaken as part of the Fifth Five Year Plan provide a substantial base for choosing activities in which self-employment ventures can be encouraged. It should be a primary consideration that only such schemes should be taken up as can be completed within the current financial year and should not involve recurring Central assistance.

2. While providing job opportunities, programmes having self-employment potential mainly be taken up. The schemes should be such as can generate more and more employment and have a multiplier effect. They should be productive and Labour intensive. Institutional finance should be utilised to the fullest extent possible. Government funds would be available only for seed capital, margin money, training expenses, incidental expenditure etc. The approach should be to secure maximum employment and investment with minimum government support.

3. Engineers and highly qualified technicians who are yet unemployed should be given first priority. Schemes must necessarily be formulated for those engineers and highly qualified technicians whose names stood registered on 31st December 1972 with the Employment Exchanges and continue to be so registered and who are still unemployed. Government had assured in the Parliament that immediate efforts would be made for finding employment opportunities for this category of persons. Steps are thus required to be taken for their absorption in Government service or offering assistance to them for finding placement in private sector or for starting self-employment ventures with assistance provided under different schemes, during the year 1974–75.

4. Educated unemployed persons from a family having no source of income should always get priority over to others.

5. It has been noted that it is difficult to locate entrepreneural ability among members of the scheduled castes, backward classes scheduled tribes and minorities. It is, therefore, necessary to give special attention to these groups, in promoting employment, In some cases, employs abillity may increase through short-term training courses taken up in consultation with potential private or institutional employers, or for specific Government jobs in which reserved quotas are not being filled for lack of candidates with requisite minimum level of ability. On the same lines, war widows, unemployed educated from seavengers' community, disabled educated youngsters and such other deserving cases should get special treatment. Ex-servicemen may also be given special attention under the programme.

6. For promoting the capacity of prospective candidates for self-employment ventures, suitable training can be supported under this programme. The training should be directly related to the specific requirements of the candidates, mostly of a practical nature, which will help them in regard to their selected line of activity; the trainers and the design of training should also be exactly suitable for the purpose. General purposes training, as usually given, is related mainly to imparting of technical skills ; such training does not, by itself, help in bringing

about establisment of self-employment ventures and the wastage is generall quite high. The period of training should also be such that no time is wasted in dealing with matters not directly of use. The Training may include preparation of a project report on which bank finance is to be obtained. Market study of feasibility report may also be carried out within the training period itself.

Where guaranteed possibilities of employment exist in non-government sector including co-operatives and public sector undertakings, and especially in small enterprise which do not have capacity to train their own men for specific disciplines, formal institutional training may also be arranged under this Programme for registrants of Employment Exchanges. In this cases also, the potential employment should invariably be identified in advance, the selection of trainees should be made in collaboration with such employers from amongst persons registered with the Employment Exchanges, and the content and period of training should also be mutually agreed upon.

While formulating the training schemes it may be kept in view that the funds under Employment Promotion Programme for educated unemployed will be available to finance only the stipends for the trainees, marginal increase in training personnel and marginal increases in training equipment. The other expenditure on buildings, vehicles etc., would have to be met by the State Government from its own resources. The monthly rates of stipends would be as follows:—

Sl. No.	Category	Maximum rate stiepnds per mensem (Rs).
1.	Matriculates	100
2.	Graduates	150
3.	Post-Graduates/Agricultural/Veterinary Gradustes	300
4.	Architects	400
5.	Engineering Graduates	400
6.	Engineering Diploma Holders	250

Note :—Persons possessing hereditary skills including handicraftsmen taken up under any schemes pertaining to their own trades and ITI Certificate holders will be treated as an per with matriculates.

7. Establishment of functional ancillary industrial estates and special industrial estates like electronics estates may be encouraged. However, investments for the creation of such estates should be mobilised from institutional finance or State finance. Margin money constribution under this prcgramme could be considered on merits, on terms and conditions laid down in Ministry of Industrial Development Circular Letter No. SSI (II)-10 (39)/73, dated 9th July 1973. In the case of cooperative self-employment ventures, States contribution to equity participation would ordinarily be three times the members' share capital.

8. It has been noted that in several States there is no agency which can provide the package of sernices needed for setting up small enterprises. In some States, different corporations have pooled their resources and taken up a joint programme of entrepreneurial development. It is necessary that support is given not only through training and advice, but also by helping in preparation of feasibility reports and detailed project reports, promoting marketing, supply of raw materials, making land sheds; power available, etc.

Small Scale Industries and cottage industries requiring lesser capital but which are productive and labour-oriented should be given due importance and adequate protection.

10. Consumers' co-operatives service cooperatives, Industrial co-operatives, etc., belonging to educated unemployed may be sponsored and encouraged by providing margin money or share capital contribution.

11. For proper implementation of the programme; there should be Special Cell at the State level, with a Minister in charge and one Officer to be called Employment Commissioner of the rank of Secretary.

There should be State level Co-ordination Committees which would include representatives from banks, Public Finance Institutions, Industries Corporation etc. These committees should regularly meet to sort out problems, if any and to review the implementation of the schemes. Similarly, at the district level the Lead Bank Consultative Committee should be called upon to review, in detail the implementation of the schemes as a specific item at each meeting. Since the main thrust of the programme is on self-employment schemes, involving bank/institutional finance, such standing arrangements as essential.

12. The rates of assistance required to be provided under the different schemes will naturally vary. It should, however, be ensured that an average, one additional direct employment opportunity in any unit is created by investment of Rs. 1,500-out of the funds to be provided by the Government of India under this programme; direct employment would include employment arising for the entrepreneurs as well as the direct workers in the units (of which no less han 50 per cent should be the educated).

13. (a) Margin money/seed capital or equity assistance will ordinarily be available only for small scale units with investment not exceeding Rs. 7. 5 lakhs in respect of plant and machinery in the case of individual;

(b) In the case of private registered companies margin money/seed capital assistance not exceeding Rs. 75,000 for any concern, may also be extended provided that normally all the shareholders must be unemployed entrepreneurs.

14. Funds from the programme would be provided to the prospective entrepreneurs in the form of margin money to enable them to raise additional resources from financial institutions/ Banks. 50% of the margin money provided as part of Central assistance would be in the nature of loan and the remaining 50% in the form of grant to the State Governments. To the individual entrepreneurs, margin money would be given as a soft loan, being recoverable after the loan of the financial institutions is rapid. A. $7\frac{3}{4}$ per cent rate of interest would be charged from the State Govt. on the loan portion of the margin money. The State Govt. however, would charge a maximum of 4 per cent rate of interest from the entrepreneurs. The margin money/seed capital assistance will be subject to a maximum of 10 per cent of the total cost of the project and will be calculated in terms of the 9th July 1973, letter of Ministry of Industrial Development (referred to para 7 also).

15. The State Govts./Union Territories Administrations or the other implementing agencies may incur expenditure not exceeding 5 per cent of the approved outlay in respect of the self-employed schemes for the purpose of meeting the cost of administrative, consultancy, publicity arragements to be made for the purpose. However, in respect of the training component, if any, funds for meeting expenses relating to administration, training personnel and equipment, etc., may also be provided upto a maximum of 15 per cent of the outlay for the specific training schemes approved.

16. The spill-over costs of the training schemes other than those pertaining to the Health and Education sectors, sanctioned and taken up for implementation during the 1973-74, under the Half a Million Jobs Programme will be eligible for assistance under this programme. Such schemes shall be governed by the instructions issued *vide* P.C. No. 19011/31/73-EMP-EP, dated 1-3-1974.

17. Utilisation of funds placed at the disposal of the State Govts. under the Half-a-Million Jobs Programme which have not yet been disbursed in favour of the final beneficiaries will also be governed by these guidelines.

18. To sum up, the States/Union Territories may take up the following types of schemes for implementation under this programme:

(1) Schemes for engineers and highly qualified technologists, whose names have continued on Live Registers since 31st December, 1972, on first priority basis;

(2) Training of Scheduled Castes/Tribes etc., for Government jobs, where reserved quotas are unfilled;

(3) Training for guaranteed employment opportunites in non-governmental sector;

(4) Training for self-employment;

(5) Promotion of individual/Co-operative Self-employment ventures wit seed/capital/margin money/share capital assistance;

(6) Establishment of industrial/commercial estates.

I. Self Employment Schemes

Scheme No. 1:—Provision of Seed/Margin Money.
(Outlay Rs. 68.41 lakhs)

Implementing Agency:—Directorate of Industries and Commerce.

The Scheme provides assistance to unemployed educated persons in setting up their own ventures—industrial, commercial or business in finding the necessary seed or margin money. The beneficiaries will be required to avail themselves of the loan facilities of the nationalised banks and other financial institutions to the maximum extent. The assistance under the scheme is limited to 50 per cent of the margin that the banks/financial institutions may require, subject to a maximum of 10 per cent of the total capital requirements. The total capital requirements include in this context 40 per cent of the working capital margin as the banks usually finance up to 60 per cent of the working capital required. In deserving cases, however, the implementing authorities may at their discretion sanction assistance to cover upto 75 per cent of the margin if the entrepreneur is not in a possition to draw upon from his own resources.

2. The assistance under the scheme is in the form of soft loan carrying simple interest at the rate of 4 per cent per annum. ¼ per cent rebate is allowed on prompt repayments. A penal rate of compound interest of 2½ per cent per annum above the normal rate of interest is charged on all overdue instalments of interest/principal and interest. A penalty clause to this effect will invariably be inserted in all loan sanctions/agreements. The assistance and interest thereon is repayable in easy instalments after the beneficiary has discharged his obligation towards the financial institutions in respect of the loan raised from them.

3. The number of entrepreneurs likely to be assisted is 3,600 comprising of 1,000 engineering degree/diploma holders, 1,000 other graduates and 1,600 matriculates including ITI Certificate holders and hereditary craftsmen. Since the beneficiaries may need some entrepreneurial training especially in aspects relating to industrial management, business management, salesmanship etc., the scheme also provides for their practical training for an average period of six weeks in order to help them make good the difficiencies, if any. The exact duration and contents of training will be determined by the implementing authority keeping in view the individual's requirements but the maximum period of training will be six months. The training period may also be utilised for preparation of necessary project reports, securing necessary advance from financial institutions, acquisition of sheds/work place/machineries etc. The beneficiaries are entitled to stipend at the following rates during the period of training.

	Rs. p.m.
(1) Graduates in Engineering/Technology Medicine	400
(2) Diploma holders in Engineering/Technology	250
(3) General Graduates	150
(4) SSLCs, ITI Certificate holders and hereditary craftsmen	100

The total outlay on the scheme is Rs. 68.41 lakhs Rs. 55 lakhs for margin/seed money assistance and Rs. 11.21 lakhs for training and the total number of beneficiaries is 3,600. A sum of Rs. 2.20 lakhs is also provided for incurring expenditure on strengthening the organisation, publicity etc. The scheme has a multiplier effect in as much as the beneficiaries do in turn engage a number of workers.

Assistance under this scheme is ordinarily available only for small scale units with investment not exceeding Rs. 7.5 lakhs in respect of plant and machinery.

ANNEXURE-E2

Scheme No. 2: Construction of Industrial/Commercial Estates.

(Outlay: Rs. 9.36 lakhs)

Implementing Agency: (i) Directorate of Industries and Commerce.
(ii) Karnataka Small Industries Corporation.

Land and *infra structure* facilities are the main bottlenecks for new entrepreneurs. The standard size sheds in industrial estates developed by the Corporation are in great demand. It is found that industrial sheds of standard dimensions are often beyond the reach of the unemployed persons who desire to set up small self-employment ventures. This necessitates construction of more minisheds. Similarly, the persons who desire to set up small business units find it hard to take up premises at exhorbitant rent. Such persons can combine themselves into a co-operative and set up their own Commercial estates.

The scheme therefore allocate a sum of Rs. 9.00 lakhs for purposes of offering seed/margin money assistance to individuals on the same terms as detailed under scheme No. 1, for purposes of constructing industrial/commercial estates. In the case of Co-operative ventures, however, the assistance is in the form of equity participation by the State, the maximum amount of investment being three times the share capital actually subscribed by members. The beneficiaries will have to raise the rest of the outlay through institutional finance.

A sum of Rs. 0.36 lakhs is also provided for meeting expenditure on strengthening the staff, publicity etc.

The programme is expected to provide employment ultimately for about 400 persons and during construction stage generate about 0.25 lakh man-days of Casual employment to skilled and unskilled construction workers. Since the entrepreneurs who use the sheds/premises are likely to be assisted under scheme No. 1 also, no separate estimate is made of the number and category of such persons.

Under Secretary to Government,
(Special Cell), S.W.L. Department

ANNEXURE-E3

Scheme No. 3 :—Assistance to Co-operative Ventures
(Outlay : Rs. 7.28 lakhs).

Implementing Agency :—Directorate of Industries and Commerce.

Groups of projects with some commonability of interests are easily amenable to be organised on Co-operative basis. A group of engineers and other qualified persons can come together to organise a manufacturing unit. This will reduce the risk of the individuals and the combine gives them a strength to arrange effectively the *infrastructure* facilities for marketing procurement of raw-materials, common testing facilities etc.

It is proposed to assist under the scheme such co-operatives through participation in the capital. The assistance under the scheme is limited to three times the share capital actually subscribed by the members. A sum of Rs. 7.00 lakhs is provided for the purpose of disbursement of assistance and Rs. 0.28 lakhs for meeting expenditure on strengthening the organisation, implementing the scheme, publicity etc. It is likely to provide employment to about 350 educated unemployed persons of verious categories.

T. SHARANAPPA,
Under Secretary to Government
(Special Cell) SWL Department.

ANNEXURE-E4

Scheme No. 4 :- Assistance to Ancillary Industries.
(Outlay : Rs. 2.06 lakhs).

Implementing Agency :—Directorate of Industries and Commerce.

The scheme relating to ancillary indutries initiated under the HMJ programme during 1973-74 has had the desirable impact and in view of the advantages of setting up small manufacturing units under the aegis of large establishments mainly for purposes of catering to the latter's requirements, there is increasing demand for assistance in this regard. There are a number of large industrial establishments where there is scope for developing ancillaries. In fact, the Mysore Iron and Steel Ltd., Bhadravathi have recently identified a large number of consumable items they need and can be manufactured with advantage in small units set up as ancillaries.

The setting up of ancillaries involves assistance in respect of (i) *infrastructure* development *i.e.*, construction of sheds etc., (ii) brief training of entrepreneurs with a view to making up defficiencies, if any and (iii) Seed/ margin money assistance. These can be offered as a package service in all areas where the major industrial establishments need the ancillaries.

A sum of Rs. 1.67 lakhs is therefore allocated for offering financial assistance to the scheme. The likely number of entrepreneurs to be directly benefitted is 25. Rs. 0.33 lakhs is also provided in the scheme for training the entrepreneurs desirous of establishing the units for a maximum period of 6 months. The average period of training however will be only about 4 months The training contents will be drawn up by the implementing authority in a manner as would suit the individual's requirements and it will be of a practical nature. The training period couldalso be utilised by the beneficiaries for purposes of

preparing the necessary project reports and obtaining the bank finances. While under training the beneficiaries will receive a stipend of Rs. 400 p. m. if they are engineering graduates, Rs. 250 p. m. if they are engineering diploma holders, Rs. 150 p. m. if they general graduates and Rs. 100 p. m. if they are SSLC or ITI passed candidates. An expenditure upto 15 per cent of the stipend amount can also be incurred on the incidental charges. The number estimated to receive assistance is 10 engineering graduates, 10 diploma holders, 3 general graduates and 2 others.

Seed/Margin money assistance and assistance for construction of sheds or industrial estates will be available to the beneficiaries to the same extent and on the same terms and conditions as detailed in Scheme No. 1.

Apart from providing Self-employment to 25 educated unemployed persons, the scheme will have a multiplier effect as wage-employment will accrue to a number of others who have to be engaged in the ancillaries.

T. SHARANAPPA,
Under Secretary to Government.
(Special Cell), SWL Department.

ANNEXURE-E5

Scheme No. 5 :—Assistance for Transport Vehicles.

(Outlay Rs. 5.20 lakhs)

Implementing Agency :—Director of Employment and Training.

The Scheme provides assistance to the educated unemployed persons in organising Taxi and Autorickshaw services for conveying passengers and Tempo and Lorry services for carrying goods on hire basis. Persons with technical qualifications like an Automobile Engineering Diploma or Craftsmen Certificate in Motor Mechanic Trade and persons who have received training in Motor Vehicles driving and maintenance under the Special Employment Programme or the Half-a-Million Jobs Programme will, however, be preferred. The beneficiaries are to avail themselves of the loan assistance given by nationalised Banks and other financial institutions to the maximum extent. Since banks normally advance only about 80 per cent of the cost of the vehicles, the scheme provides for advancing half the margin money needed by them. The assistance is thus limited to 50 per cent of the difference between the cost of the vehicles and the bank advances. The assistance is available on the same terms and conditions as described in Scheme No. I-"Provision of Seed/Margin Money".

A sum of Rs. 5 lakhs is allocated for payment of the assistance. A sum of Rs. 0.20 lakhs has been provided for purposes of meeting expenditure on strengthening the organisation, implementing the scheme, publicity etc. This sould enable providing margin money in respect of about 10 Luxury Taxies, 100 autorickshaws, 30 three-wheeled tempos and 30 trucks and the scheme is expected to help settle about 170 educated unemployed persons in self-employment. It will also create some subsidiary employment for others who have to look after the maintenance and service of the vehicles.

The State Government will also be making available for allotment to the beneficiaries as many vehicles as possible from its discretionary quota.

T. SHARANAPPA,
Under Secretary to Government
(Spl. Cell), SWL Department.

ANNEXURE-E6

Scheme No. 6 :—Assistance for Mechanised Fishing.

(Outlay : Rs. 2.24 lakhs)

Implementing Agency :—Director of Fisheries.

Karnataka State has a long coast line of about 320 Kms. and there is good scope for development of Fishing. About 6,000 fishermen are currently engaged in the task of exploitation of fish and that has provided a sound base for related processing industry as well. The Foreign exchange earned during 1973-74 is said to be of about Rs. 7-00 crores. About 2,000 fishermen who have been trained in the local Training Centres, a number of whom have passed SSLC, are waiting for allotment of mechanised boats and settle themselves in self-employment. Among them are a number of persons trained as Fishing Second Hands and Engine Driver at the Central Inland Fisheries Operatives Training Centre, Cochin.

It is proposed under the scheme to introduce 20 mechanised boats of 32' size. Each of these mechanised boats will be allotted to a group of 5 fishermen who have the hereditary skill in fishing and have in addition undergone training in mechanised fishing. In spite of the subsidies they are entitled to from the State Govt. on the purchase of the diesel engines, winches and fishing gears. the cost of each boat after deducting the subsidy works out to Rs. 85, 750 which the beneficiares have to invest. As the banks and financial institutions offer loan assistance of only about 80% of the cost, the scheme provides for margin money assistance upto 10 per cent of the cost of the boat . A sum of Rs. 2.14 lakhs is allotted for providing assistance to about twenty groups of about 5 fishermen each. The scheme provides direct employment to 100 persons and generates subsidiary employment to workers in fish handling, processing, transport etc. A sum of Rs. 0.10. lakhs provided for purposes of meeting expenditure on strengthening the organisation, implementing the scheme, publicity etc.

The assistance under the scheme is on the same terms and conditions as detailed in Scheme No. 1.

FINANCE SECRETARIAT

Subject:—**Date of compulsory retirement of Government servants under rule 95 of the Karnataka Civil Services Rules.**

ORDER NO. FD 82 SRP (3) 73, BANGALORE, DATED THE 29TH DECEMBER, 197

According to the provisions of rule 95 of the Karnataka Civil Services Rules the date of compulsory retirement of a Government servant is the date on which he attains the age of superannuation. The day on which he attains that age is reckoned as a non-working day. The existing procedure for the computation of pension involves clerical work in regard to calculation of pay and allowances and average emoluments, (in a large number of cases) for a part of a month. If uniformity is established in the determination of date of retirement of Government servants, this will reduce clerical work and facilitate speedy disposal of pension cases. Having examined all aspects of the matter, Government are pleased to order as follows:—

When the date of superannuation of a Government servant falls on a day other than the first day of a month, he shall retire on the afternoon of the last date of that month.

Illustration:

(*a*) A's date of birth is 1st January 1919. He attains the age of superannuation on 1st January 1974. Under rule 95 of the Karnataka Civil Services Rules, the date of retirement is 1st January 1974. 'A' is paid duty pay upto the end of December, 1973.

's date of birth is 8th January 1919. He attains the age of superannuation on 8th January 1974, and retires on that day. Under the existing rule, he is allowed duty pay upto and inclusive of 7th January 1974.
